AGILE LEADERSHIP

COURSE DESCRIPTION

Unlock the potential of your team and organization with our transformative workshop, Agile Leadership. This comprehensive session is designed for leaders who want to drive innovation, enhance business agility, and create a competitive advantage in today's rapidly changing environment.

Through this interactive workshop, you'll learn to articulate the purpose and benefits of Agile processes, leverage a growth mindset, and utilize multicultural perspectives to foster inclusive and innovative solutions. Develop strategies to design employee journeys that boost engagement and satisfaction, and implement Agile processes in key people management programs like on-boarding and performance management.

Join us to discover how to foster a collaborative environment, cultivate a culture of continuous improvement, and overcome common challenges in Agile implementation.

PROGRAM OBJECTIVES

Articulate the purpose and benefits of Agile processes in driving competitive business advantages and fostering innovation.

Leverage a growth mindset to enhance business agility, encouraging continuous learning and adaptability in a rapidly changing environment.

Utilize multicultural perspectives to improve business agility and foster inclusive, innovative solutions that address diverse customer needs and market demands.

Develop strategies to design employee journeys that enhance engagement and satisfaction throughout the entire employee life cycle, from recruitment to retention.

Implement Agile processes for key people management programs, including on-boarding and performance management, to enhance efficiency and effectiveness.

Foster a collaborative environment where team members are empowered to contribute ideas and solutions, promoting a culture of shared responsibility and trust.

Cultivate a culture of continuous improvement by regularly reviewing and refining Agile practices, ensuring that processes remain effective and aligned with organizational goals.

Identify and address common challenges in Agile implementation, developing strategies to overcome resistance and ensure successful adoption of Agile practices across the organization.

This program includes the following elements:

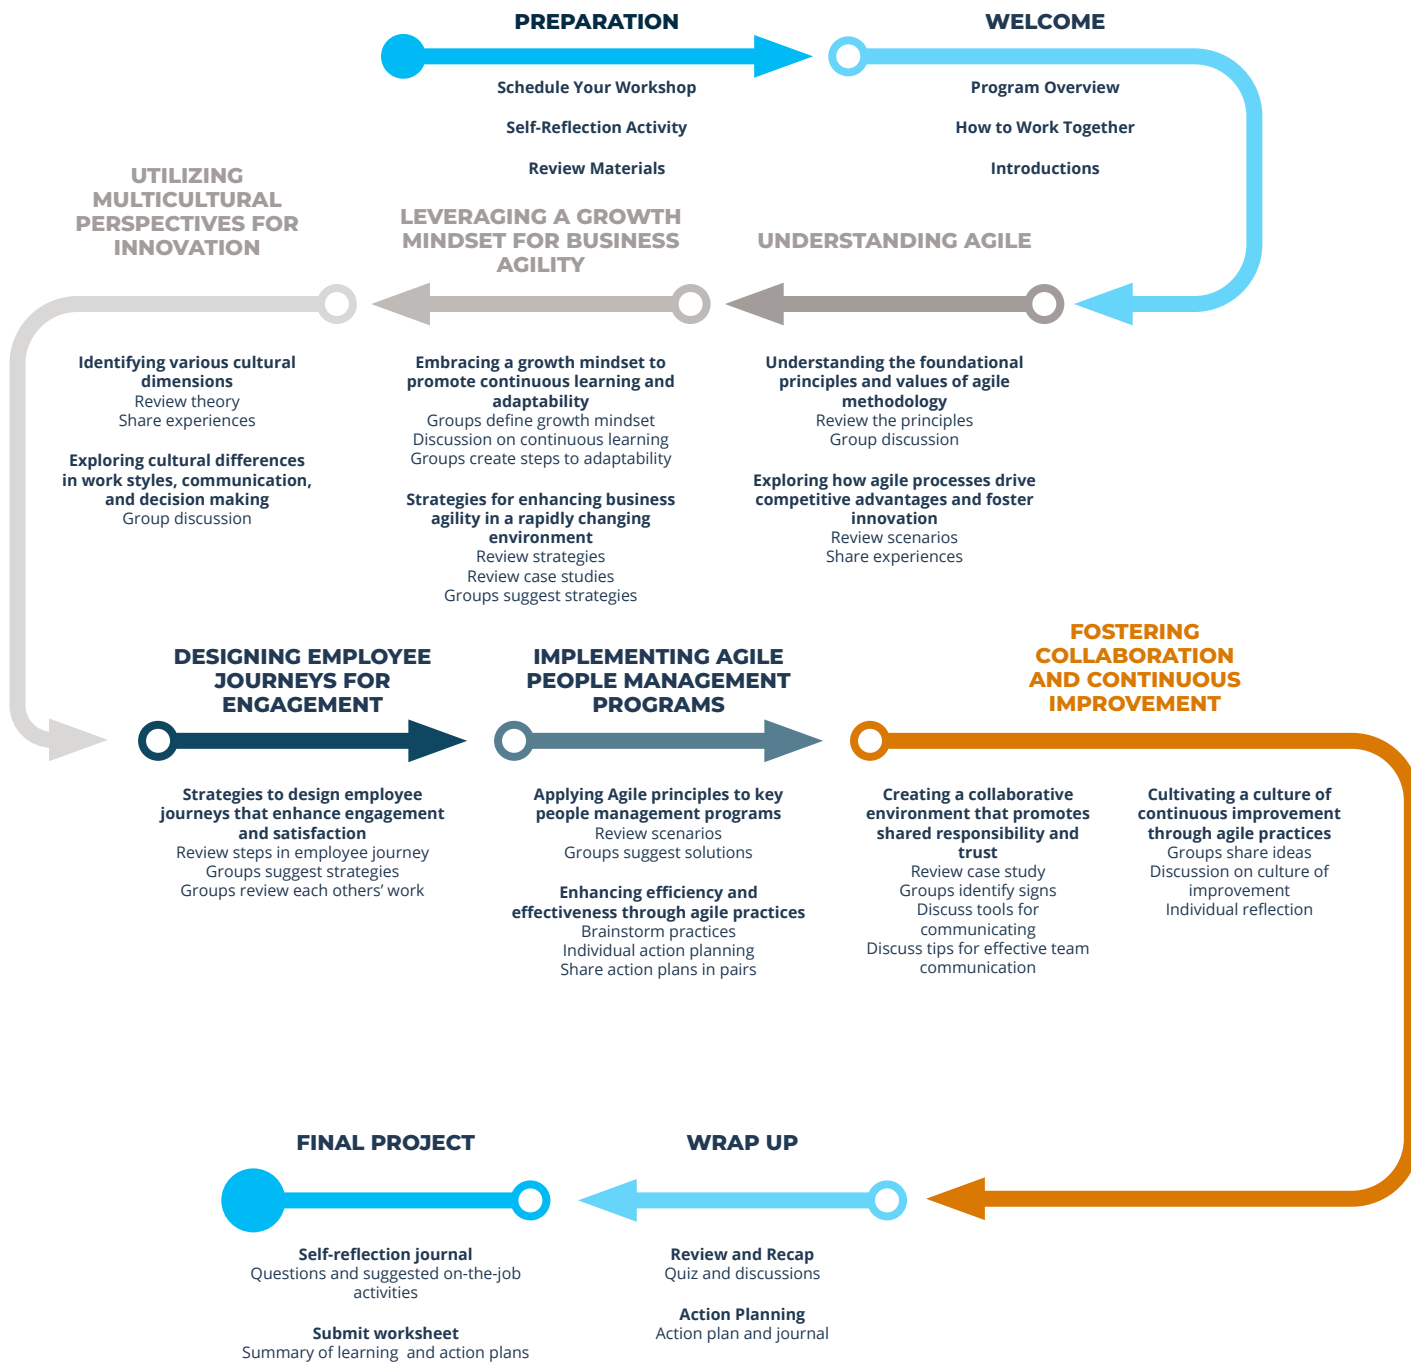

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

BUSINESS ACUMEN

COURSE DESCRIPTION

Elevate your leadership skills with our transformative Business Acumen Training Workshop! In today's fast-paced business environment, leaders need more than just traditional management skills—they need a deep understanding of how their decisions impact the financial and strategic goals of their organization. This workshop is designed to equip leaders with the critical business insights and strategic thinking needed to drive success.

Throughout this engaging and interactive program, you'll learn how to interpret financial statements, analyze key performance indicators, and make data-driven decisions that align with your organization's objectives. Gain a thorough understanding of market dynamics, competitive positioning, and risk management to enhance your strategic planning capabilities.

By the end of this workshop, you'll possess a robust toolkit to enhance your business acumen, enabling you to lead with confidence, make informed decisions, and contribute more effectively to your organization's growth and profitability.

Join us and transform your approach to leadership with essential business acumen skills!

PROGRAM OBJECTIVES

Demonstrate proficiency in strategic thinking to understand and navigate the broader organizational landscape.

Craft and implement effective risk management strategies to mitigate potential threats and capitalize on opportunities.

Demonstrate fluency in financial concepts and analysis to make informed decisions that drive business success.

Foster critical thinking skills to evaluate complex situations and identify optimal solutions.

Apply advanced management techniques to enhance operational efficiency and team performance.

Identify and leverage key financial metrics and drivers to influence profitability and operational outcomes.

This program includes the following elements:

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

Microlearning Toolkit

CHANGE MANAGEMENT

COURSE DESCRIPTION

Change is an inevitable part of life, reshaping our technologies, processes, relationships, and routines. Navigating these shifts smoothly is crucial for personal and professional success. Our Change Management Workshop is designed to equip you with the essential skills to manage change effectively and ensure a seamless transition.

This dynamic workshop will provide leaders with the tools to implement changes seamlessly and foster acceptance among team members. Participants will gain a comprehensive understanding of the change process and learn practical strategies to manage their reactions and adapt positively.

Join us to master the art of change management, enhance your leadership capabilities, and thrive in an ever-evolving environment. **Embrace change with confidence and lead your team to success!**

PROGRAM OBJECTIVES

Outline the key steps for preparing a change strategy and gaining support from stakeholders.

Identify individual motivators for change (WIFM—What's In It For Me) to engage team members effectively.

Develop comprehensive change management and communication plans and list practical implementation strategies.

Lead change project status meetings, celebrate successful implementations, and communicate the results and benefits to all stakeholders.

Explain the four stages of Appreciative Inquiry, its purposes, and real-world applications through case studies.

Use strategies to align team members with the change, appealing to both their emotions and logical reasoning.

Recognize and foster resiliency and flexibility to successfully navigate and adapt to change.

This program includes the following elements:

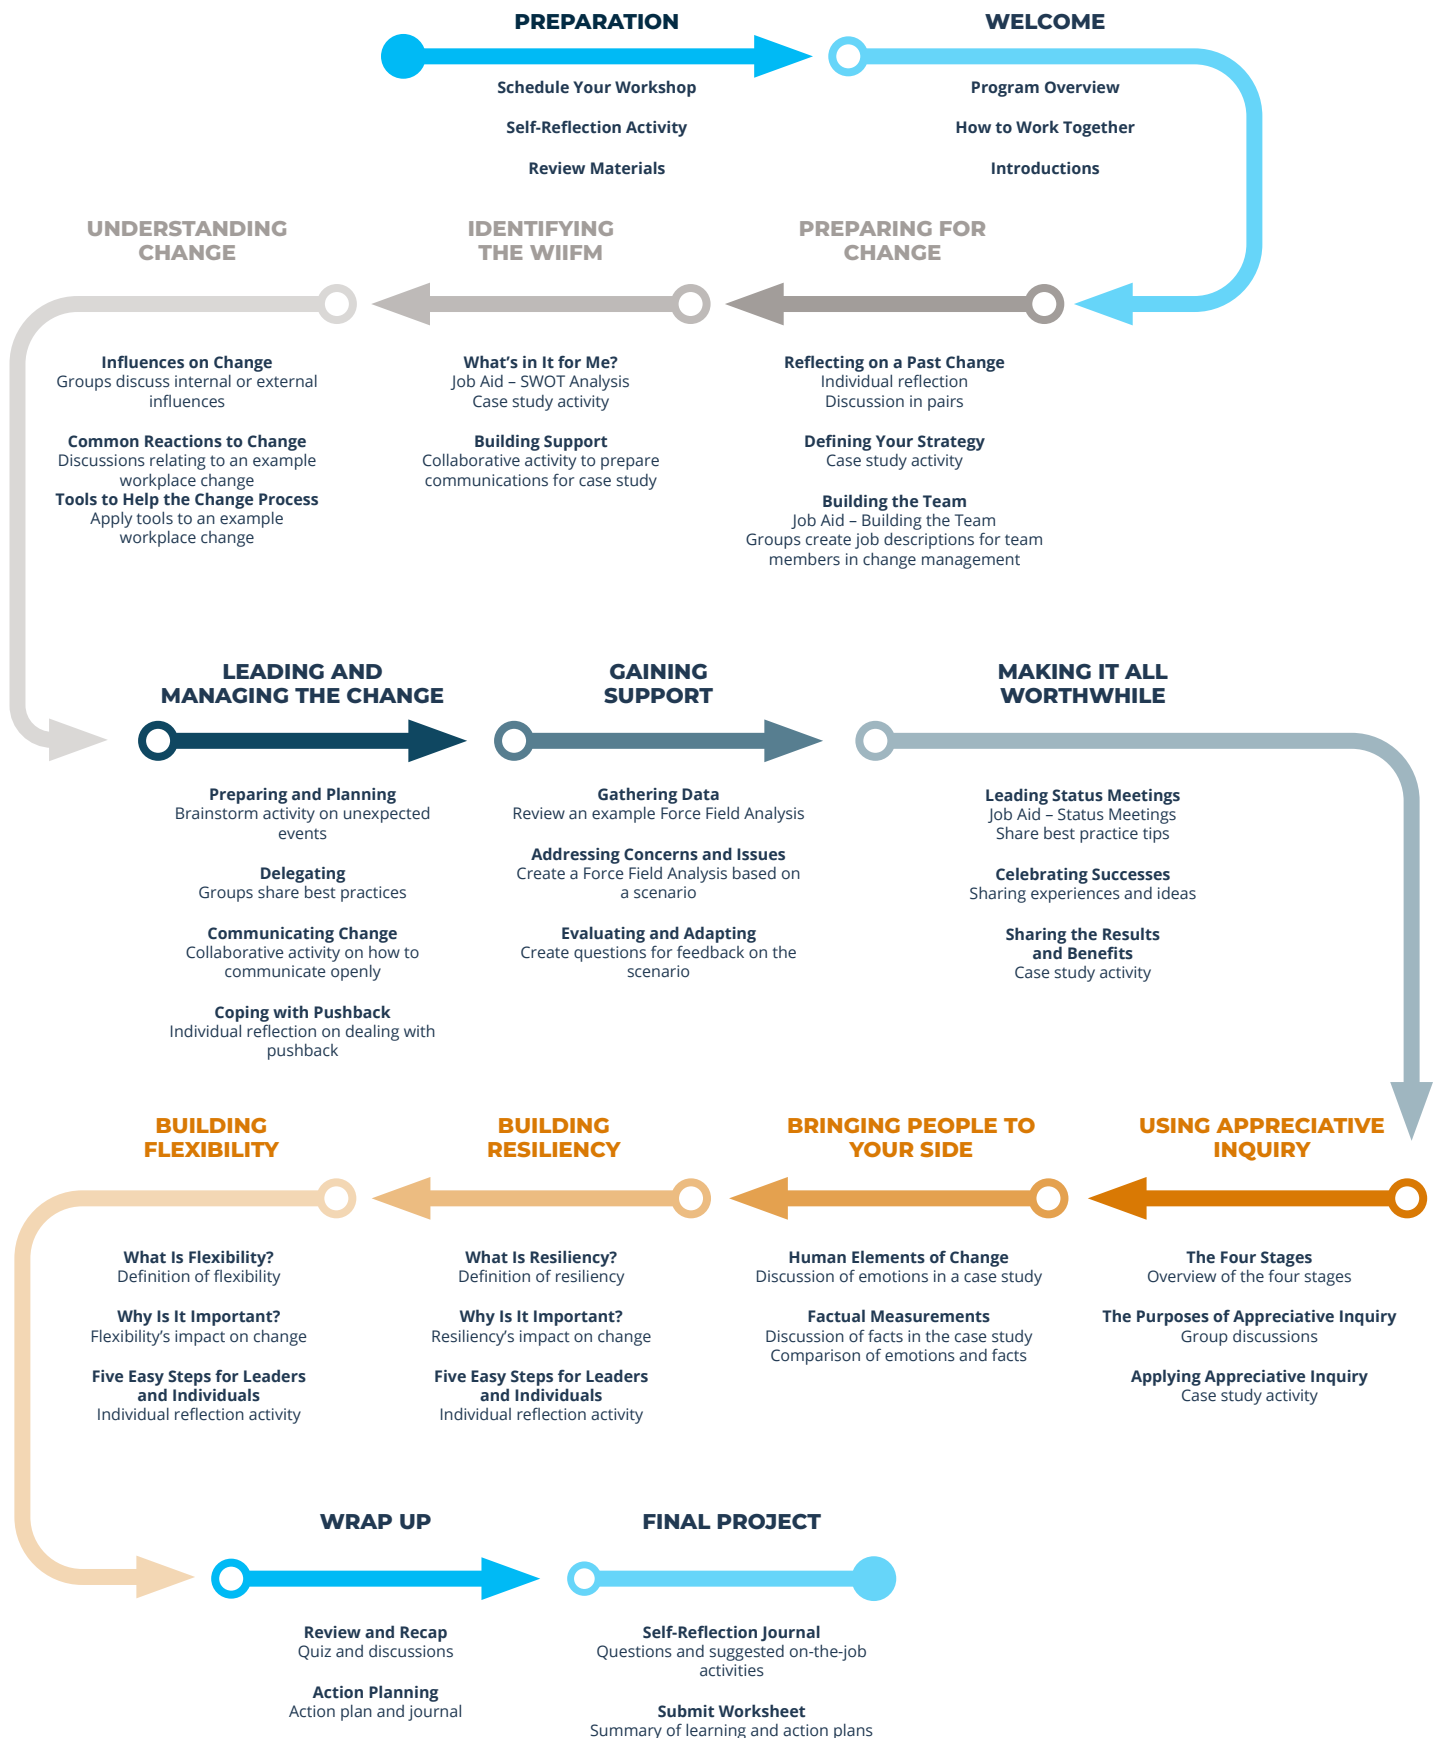

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

Microlearning Toolkit

LEARNING CAMPAIGN MAP

COMMUNICATING EFFECTIVELY

COURSE DESCRIPTION

Effective communication is the foundation of successful leadership. Our Communicating Effectively Workshop is specifically designed for leaders who want to refine their communication skills, build stronger relationships, and drive their teams to greater success.

In this dynamic and interactive workshop, you will learn to articulate your ideas clearly and confidently, ensuring your message is understood and embraced by your team. Discover how to overcome common communication barriers and adapt your style to different audiences and situations.

You'll master non-verbal and para-verbal communication techniques to enhance your presence and impact. Learn the STAR method for speaking on the spot, practice active listening, and ask insightful questions that stimulate meaningful discussions. Utilize Appreciative Inquiry to foster positive, solution-focused conversations and establish common ground to promote collaboration.

By the end of this workshop, you'll be equipped with actionable strategies to manage and resolve conflicts, build trust, and create an environment of open dialogue and mutual respect.

PROGRAM OBJECTIVES

Clearly define and articulate the core principles of effective communication within their teams.

Identify and proactively overcome common communication barriers to enhance clarity and understanding.

Enhance non-verbal and para-verbal communication skills to convey messages with greater impact and authenticity.

Apply the STAR method to confidently speak on the spot during impromptu situations.

Practice active listening to fully understand team members' perspectives and provide thoughtful responses.

Formulate and ask insightful questions to stimulate discussion and gather valuable insights.

Utilize Appreciative Inquiry to foster positive communication and encourage collaborative problem-solving.

Engage in meaningful conversations and effective networking to build strong professional relationships.

This program includes the following elements:

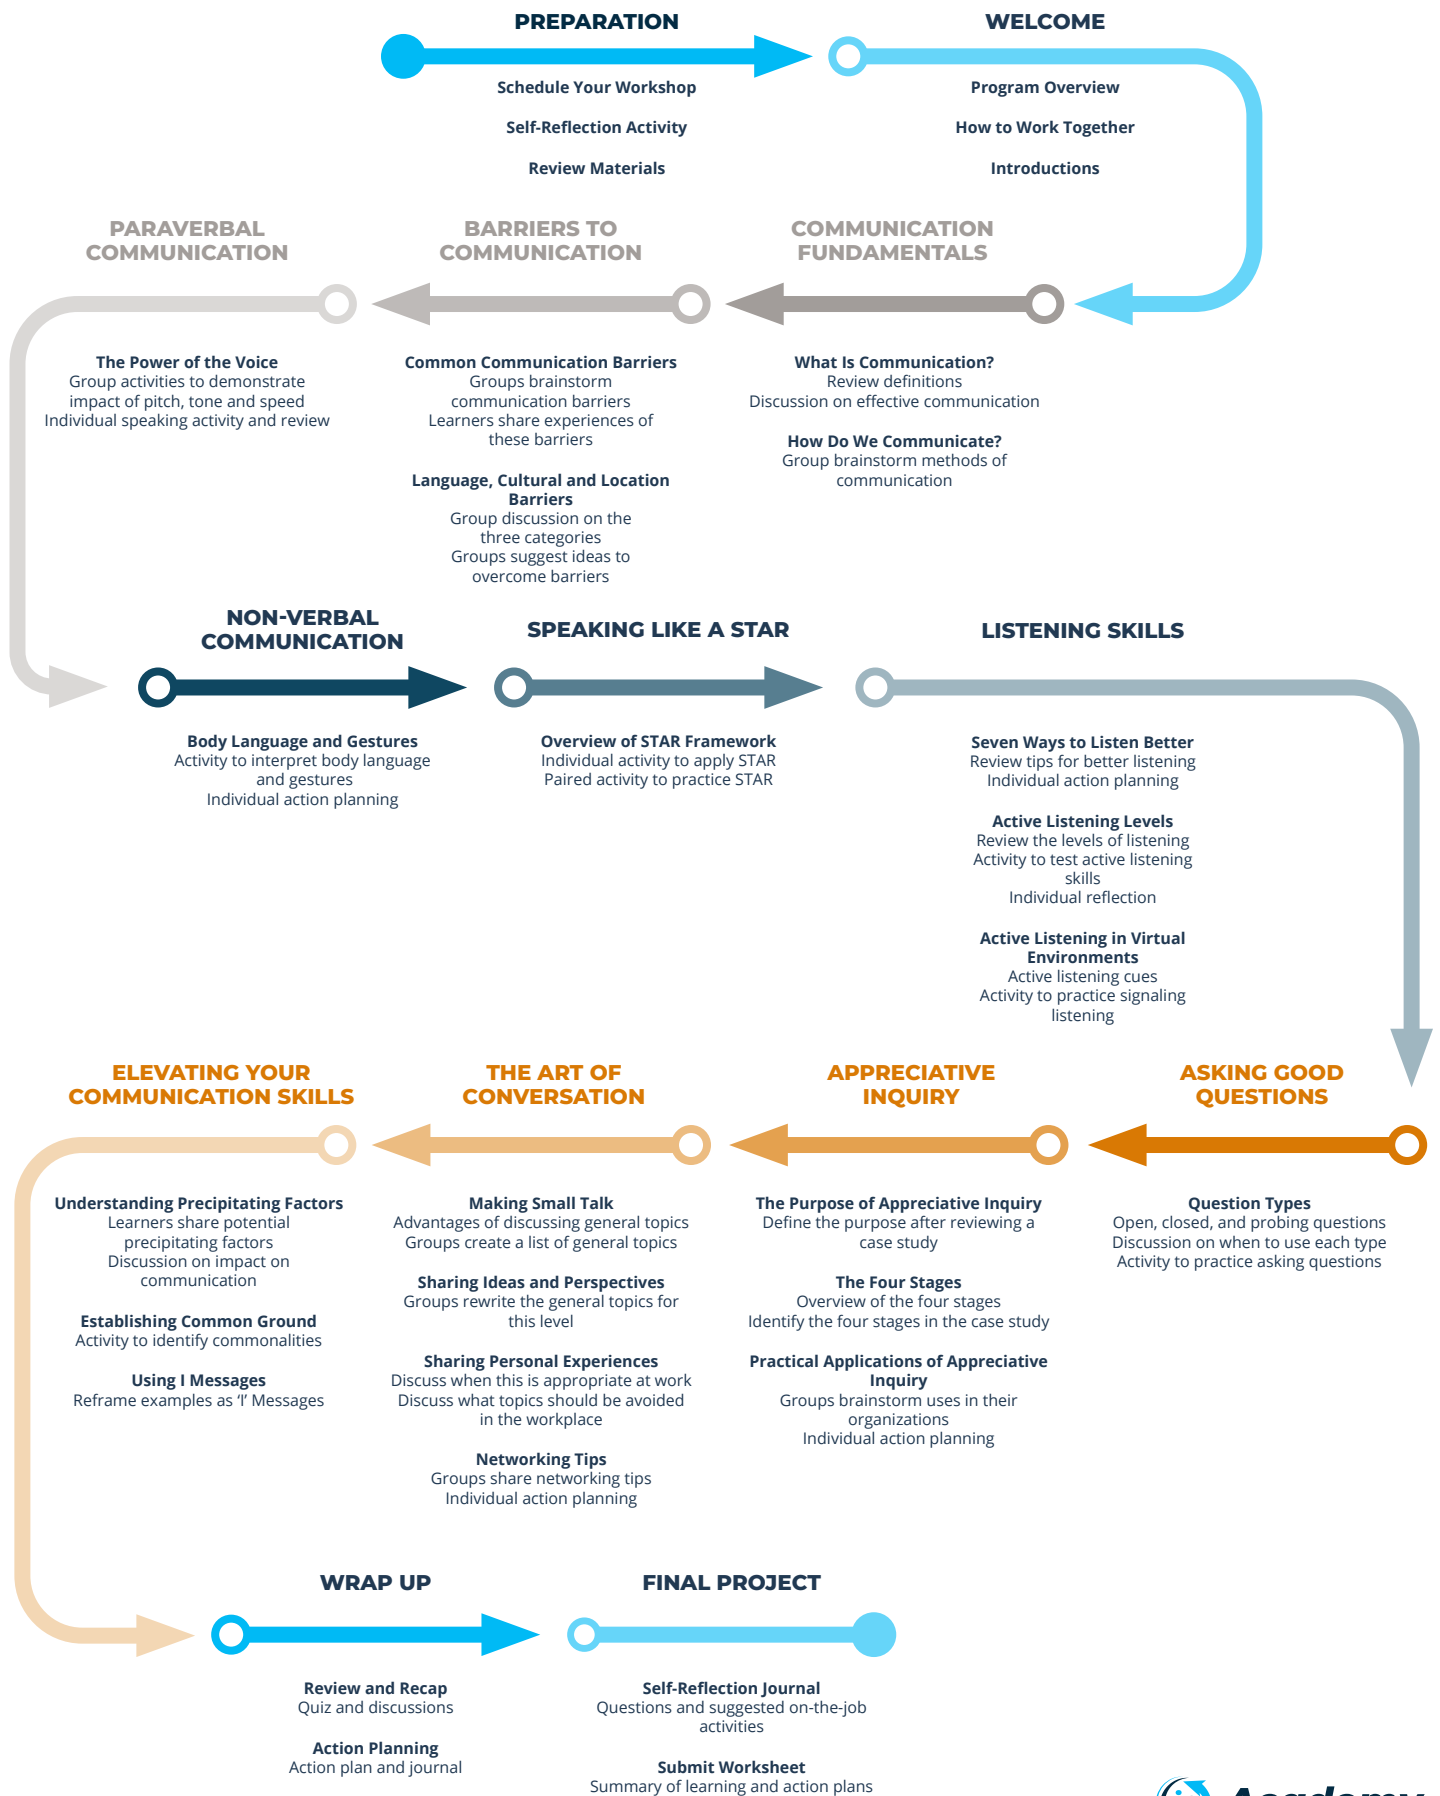

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program

COMMUNICATION & PRESENTATION SKILLS

COURSE DESCRIPTION

Elevate your leadership impact with our Communication & Presentation Skills Workshop! Effective communication is the cornerstone of successful leadership, enabling you to inspire, influence, and drive your team towards achieving organizational goals. This dynamic workshop is tailored specifically for leaders, providing you with the tools and techniques to master both communication and presentation.

Throughout this interactive program, you will learn how to articulate your ideas with clarity and confidence, use powerful non-verbal cues, and engage your audience through compelling storytelling. Enhance your active listening skills to foster open dialogue and collaboration within your team. Gain the ability to craft persuasive presentations that resonate with diverse audiences and adapt your communication style to different stakeholders and scenarios.

You'll also learn strategies to manage nerves, and project confidence with professionalism. **Join us to transform your communication and presentation skills, and lead with greater influence and impact!**

PROGRAM OBJECTIVES

Develop effective verbal communication skills to articulate ideas clearly and confidently.

Enhance non-verbal communication skills, including body language and facial expressions, to convey presence and authority.

Master techniques for active listening and fostering open dialogue to improve team collaboration and understanding.

Craft compelling and persuasive presentations that engage and influence diverse audiences.

Utilize storytelling techniques to make complex information more accessible and memorable.

Adapt communication style and delivery to different stakeholders and situations, ensuring messages are received effectively.

Manage nerves and enhance confidence when speaking in public or high-pressure situations.

Receive and incorporate constructive feedback to continually improve communication and presentation skills.

This program includes the following elements:

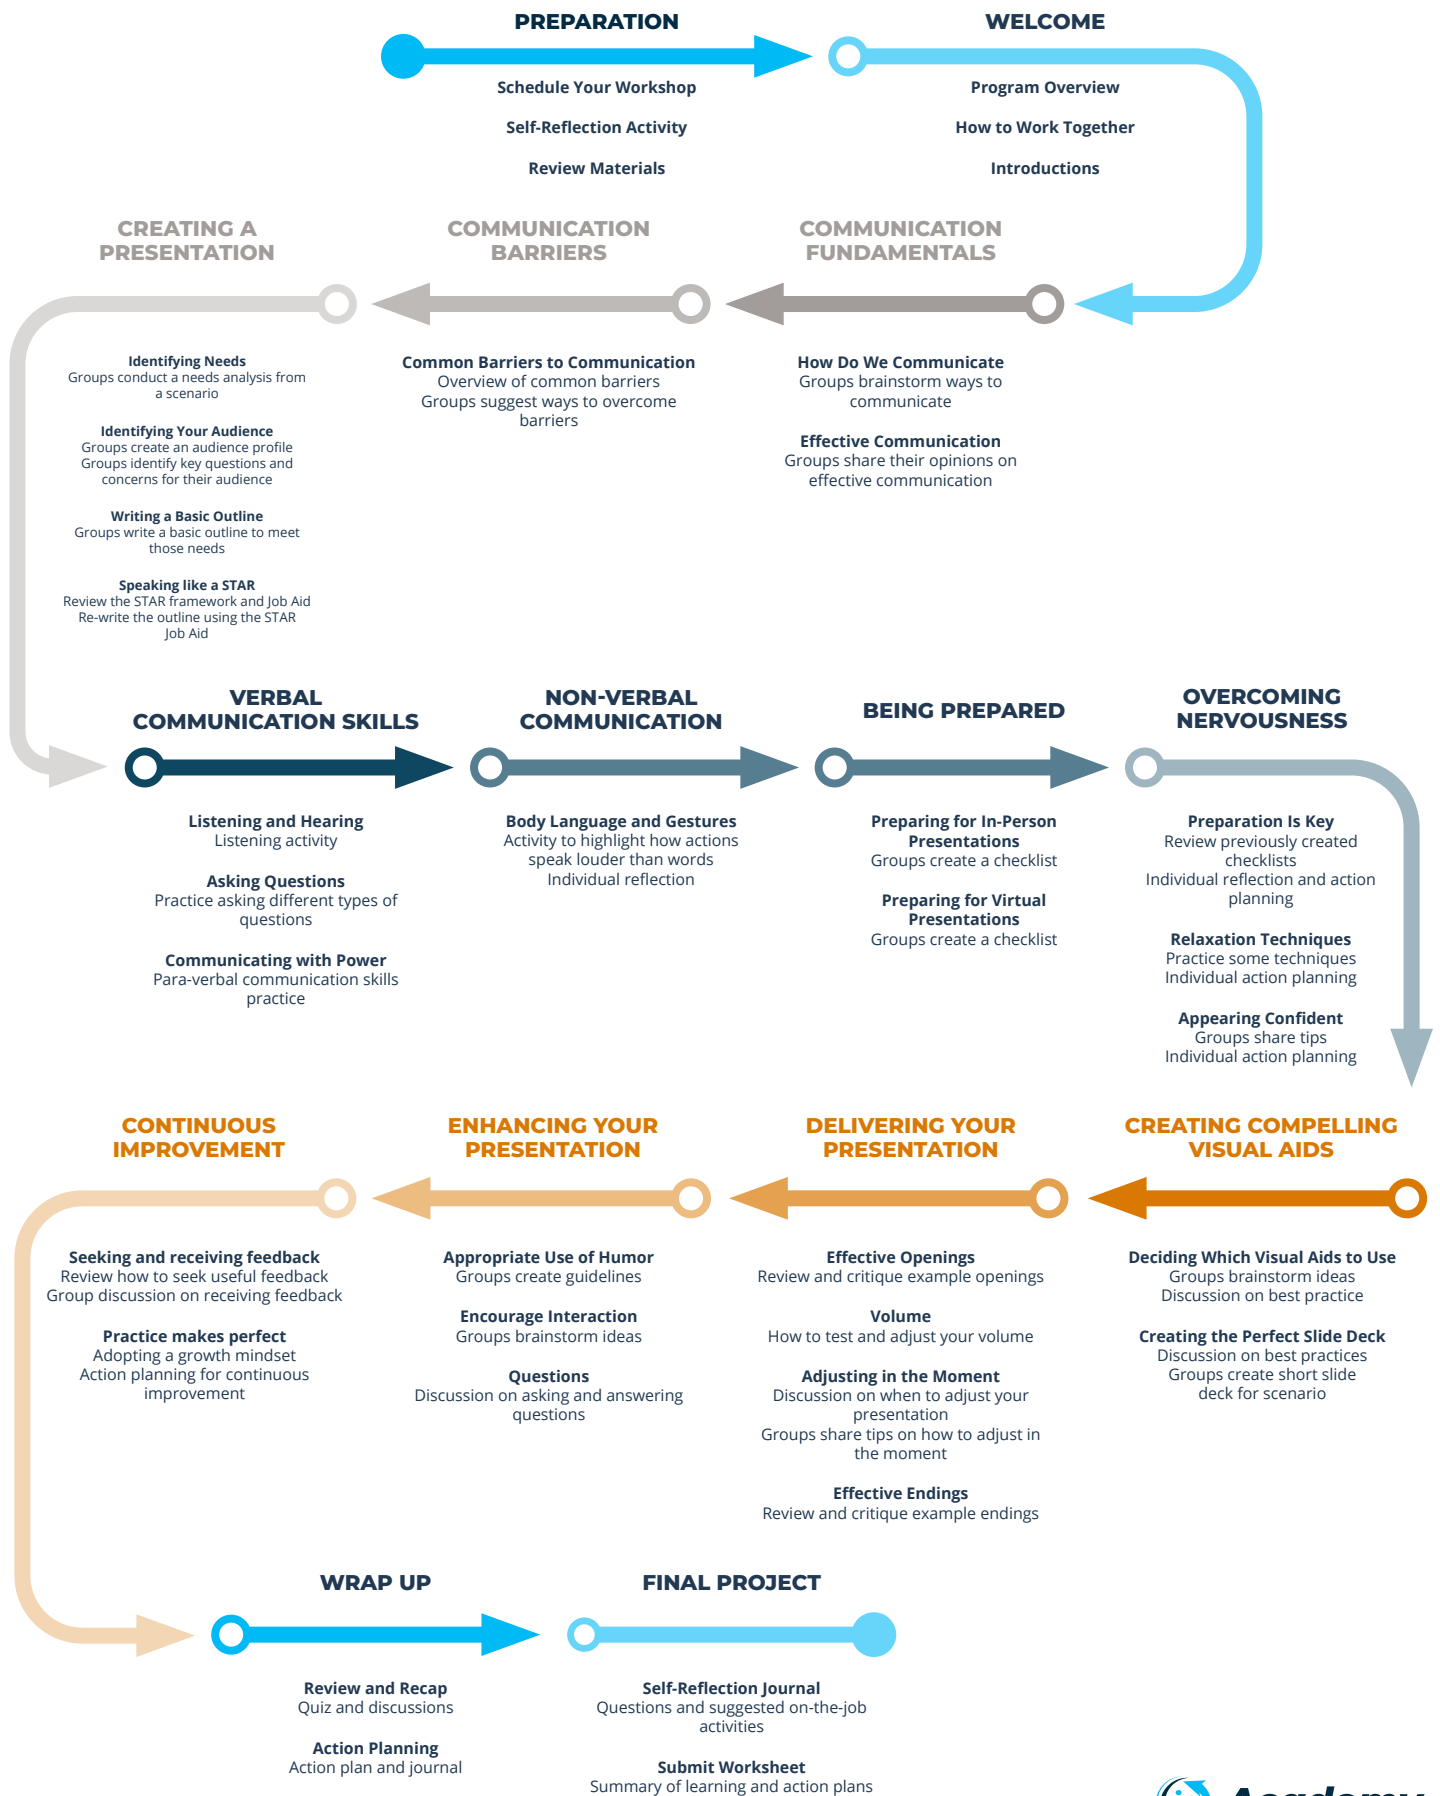

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

PERSONAL DEVELOPMENT

CONTINUOUS LEARNING

COURSE DESCRIPTION

In today's rapidly evolving world, the ability to learn continuously is a key driver of organizational success and personal growth. Our Continuous Learning Workshop is designed to equip leaders and professionals with the tools and strategies needed to foster an environment where ongoing learning and development thrive.

Participants will discover the critical importance of continuous learning for staying competitive and innovative. The workshop will guide you through the process of building and sustaining a culture that encourages and supports continuous learning within your organization. You'll gain practical insights into providing and integrating learning opportunities that engage and inspire your team, ensuring they remain motivated and committed to their personal and professional growth. Additionally, we will explore how to leverage technology and digital tools to facilitate ongoing learning and development.

Join us for this transformative workshop and empower your team to embrace continuous learning, driving growth, innovation, and long-term success.

PROGRAM OBJECTIVES

Recognize the critical role continuous learning plays in maintaining competitiveness and fostering innovation within an organization.

Identify common obstacles to continuous learning and develop strategies to overcome them.

Develop a personal learning plan that aligns with your professional goals and ensures ongoing growth and adaptability in your leadership role.

Demonstrate a commitment to continuous learning by actively seeking new knowledge, skills, and experiences and by sharing your learning journey with your team to inspire and motivate them.

Develop strategies to build and sustain a culture that values and encourages continuous learning among all team members.

Explore how to use digital tools and technology to facilitate and enhance continuous learning opportunities.

Learn how to foster an environment where peer-to-peer learning and knowledge sharing are encouraged and facilitated.

Develop plans to sustain continuous learning efforts over the long term, ensuring ongoing growth and adaptability within the organization.

This program includes the following elements:

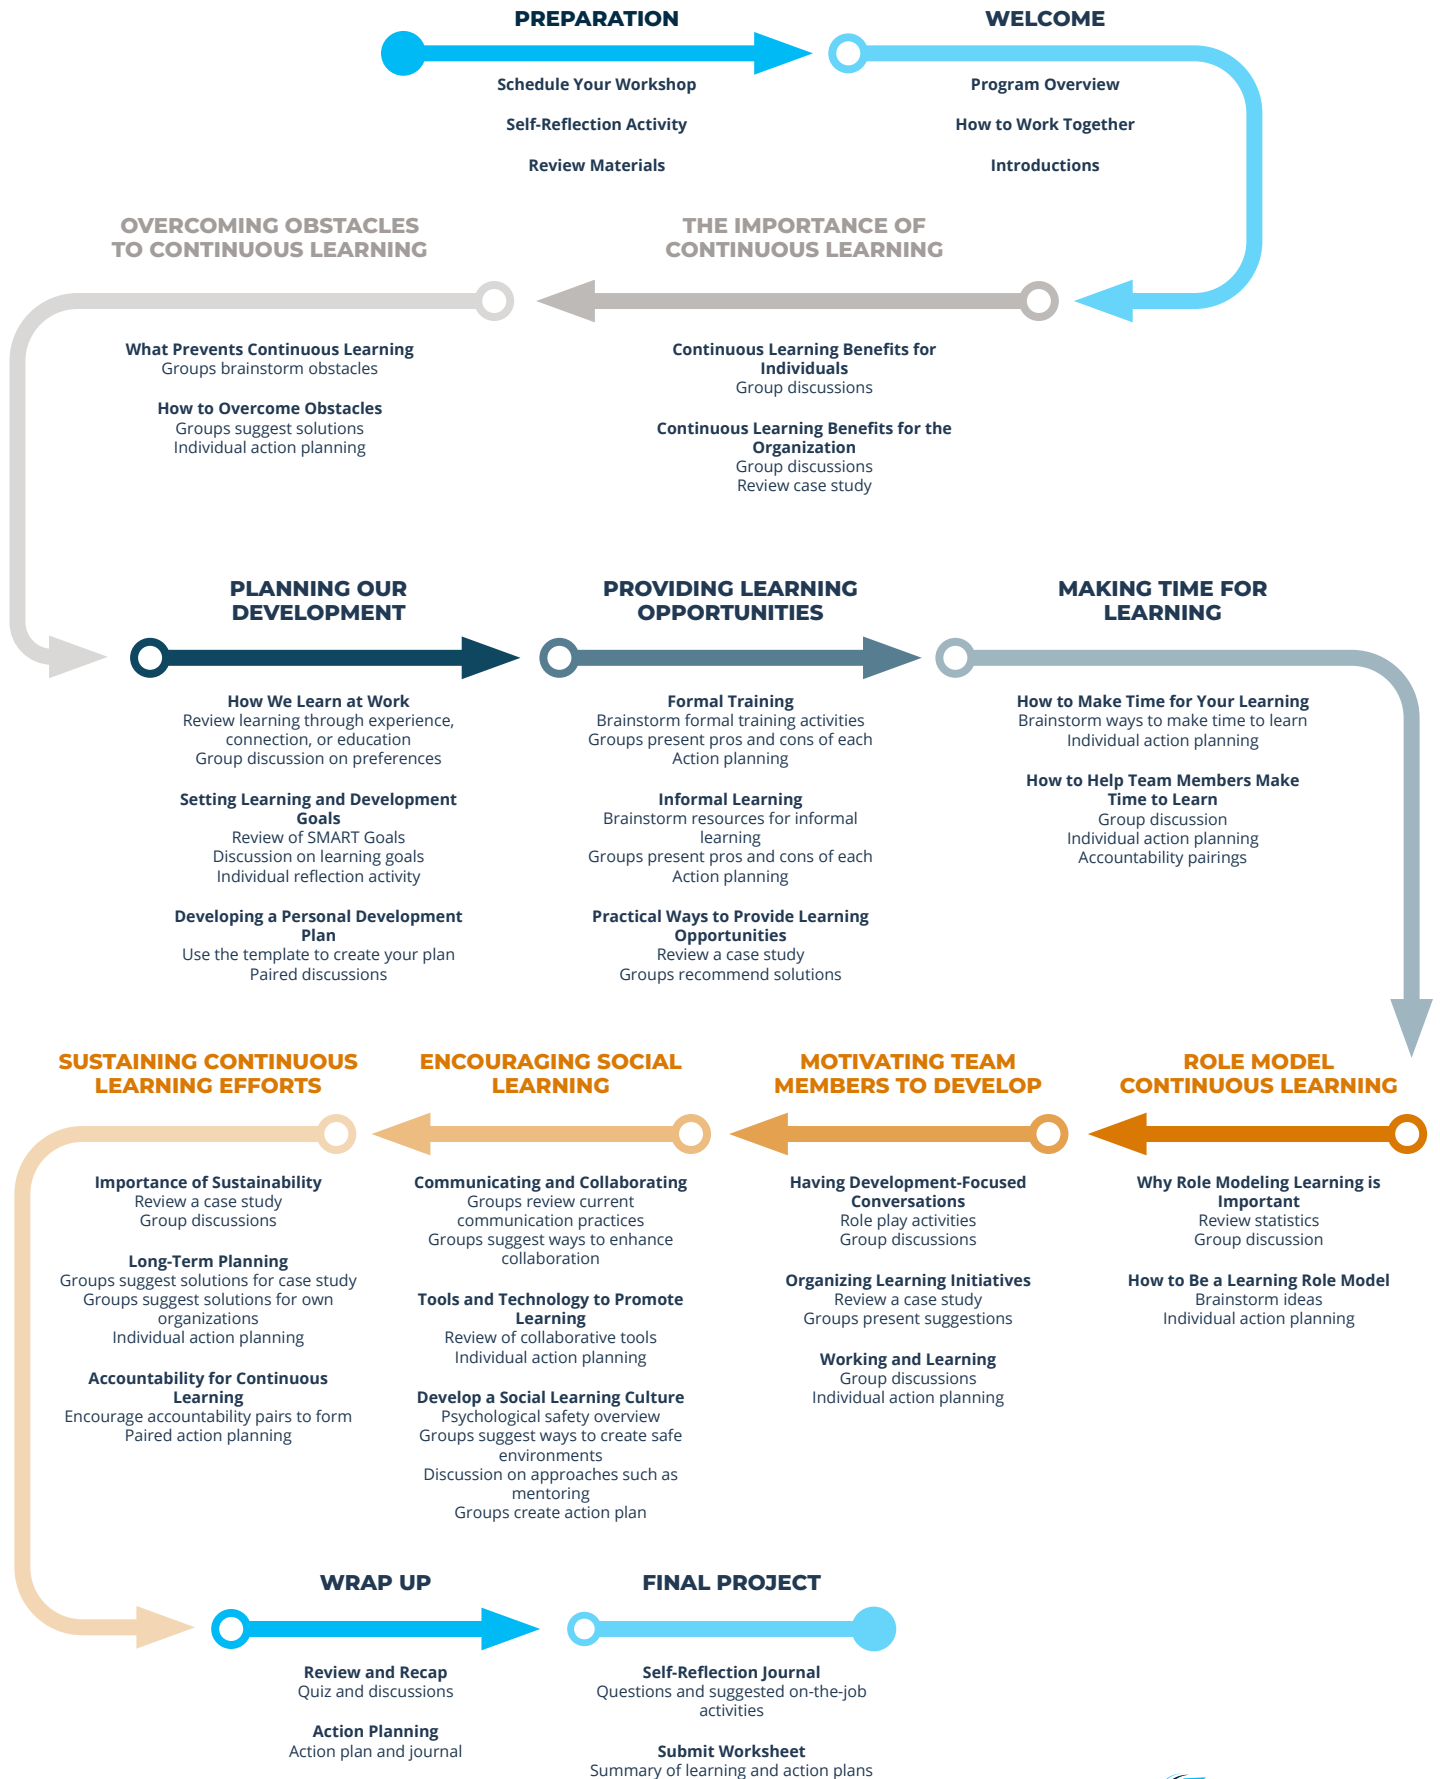

- Choice of delivery method: **Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop**
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program

LEARNING CAMPAIGN MAP

CROSS-CULTURAL UNDERSTANDING

COURSE DESCRIPTION

In today's globalized world, cross-cultural understanding is crucial for effective leadership and organizational success. Our workshop, Cross-Cultural Understanding, is designed to equip leaders with the knowledge and skills to navigate cultural diversity and foster an inclusive, collaborative work environment.

Through this interactive session, you'll learn to recognize and appreciate cultural differences, enhance communication across cultures, and develop strategies to create an inclusive workplace where all cultural backgrounds are respected and valued. Gain the cultural competence necessary to effectively manage and lead a diverse team and foster a global mindset that embraces and leverages cultural diversity for better decision making and problem solving.

Join us to enhance your leadership skills and drive your team's success in a multicultural world.

PROGRAM OBJECTIVES

Define the concept of cultural diversity and explain its importance in the workplace.

Identify and appreciate the various cultural dimensions that influence behavior, communication, and work styles.

Increase self-awareness of your own cultural biases and how they affect interactions with others.

Demonstrate effective communication techniques that bridge cultural differences and promote mutual understanding.

Develop strategies to create an inclusive work environment where all cultural backgrounds are respected and valued.

Identify common challenges in cross-cultural interactions and how to overcome these challenges.

Encourage and facilitate collaboration among team members from diverse cultural backgrounds to leverage the benefits of cultural diversity.

Foster a global mindset that embraces cultural differences and promotes cultural sensitivity in decision making and problem solving.

This program includes the following elements:

- Choice of delivery method: **Either one 6-hour** in-person workshop or a **two-week blended learning journey with one 2-hour** live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program

LEARNING CAMPAIGN MAP

GIVING & RECEIVING FEEDBACK

COURSE DESCRIPTION

Effective feedback is a cornerstone of strong leadership and high-performing teams. Our “Giving and Receiving Feedback” Workshop is designed to empower leaders with the skills and strategies needed to deliver and receive feedback constructively and confidently.

In this interactive and hands-on workshop, you will learn the art of providing clear, specific, and actionable feedback that drives improvement and motivates your team. Discover techniques to create a feedback-friendly environment, enhance your communication skills, and manage emotional reactions during feedback exchanges.

Gain practical experience with structured feedback models and learn how to seek and encourage continuous feedback within your organization. By mastering the balance of positive reinforcement and constructive criticism, you will build trust, foster growth, and enhance team performance.

Join us to transform your feedback approach, to lead with clarity and empathy. Elevate your leadership impact and drive your organization toward excellence through the power of effective feedback!

PROGRAM OBJECTIVES

Recognize the role of feedback in personal and professional growth and its impact on team performance.

Demonstrate techniques for delivering clear, specific, and actionable feedback.

Improve verbal and non-verbal communication skills to ensure feedback is delivered and received effectively.

Structure feedback using the SBI (Situation-Behavior-Impact) model.

Deliver balanced feedback that acknowledges strengths while addressing areas for improvement.

Develop strategies to manage and respond to emotional reactions when giving or receiving feedback.

Learn how to proactively seek feedback from others and encourage a continuous feedback culture.

Cultivate trust and rapport with team members to facilitate open and honest feedback exchanges.

This program includes the following elements:

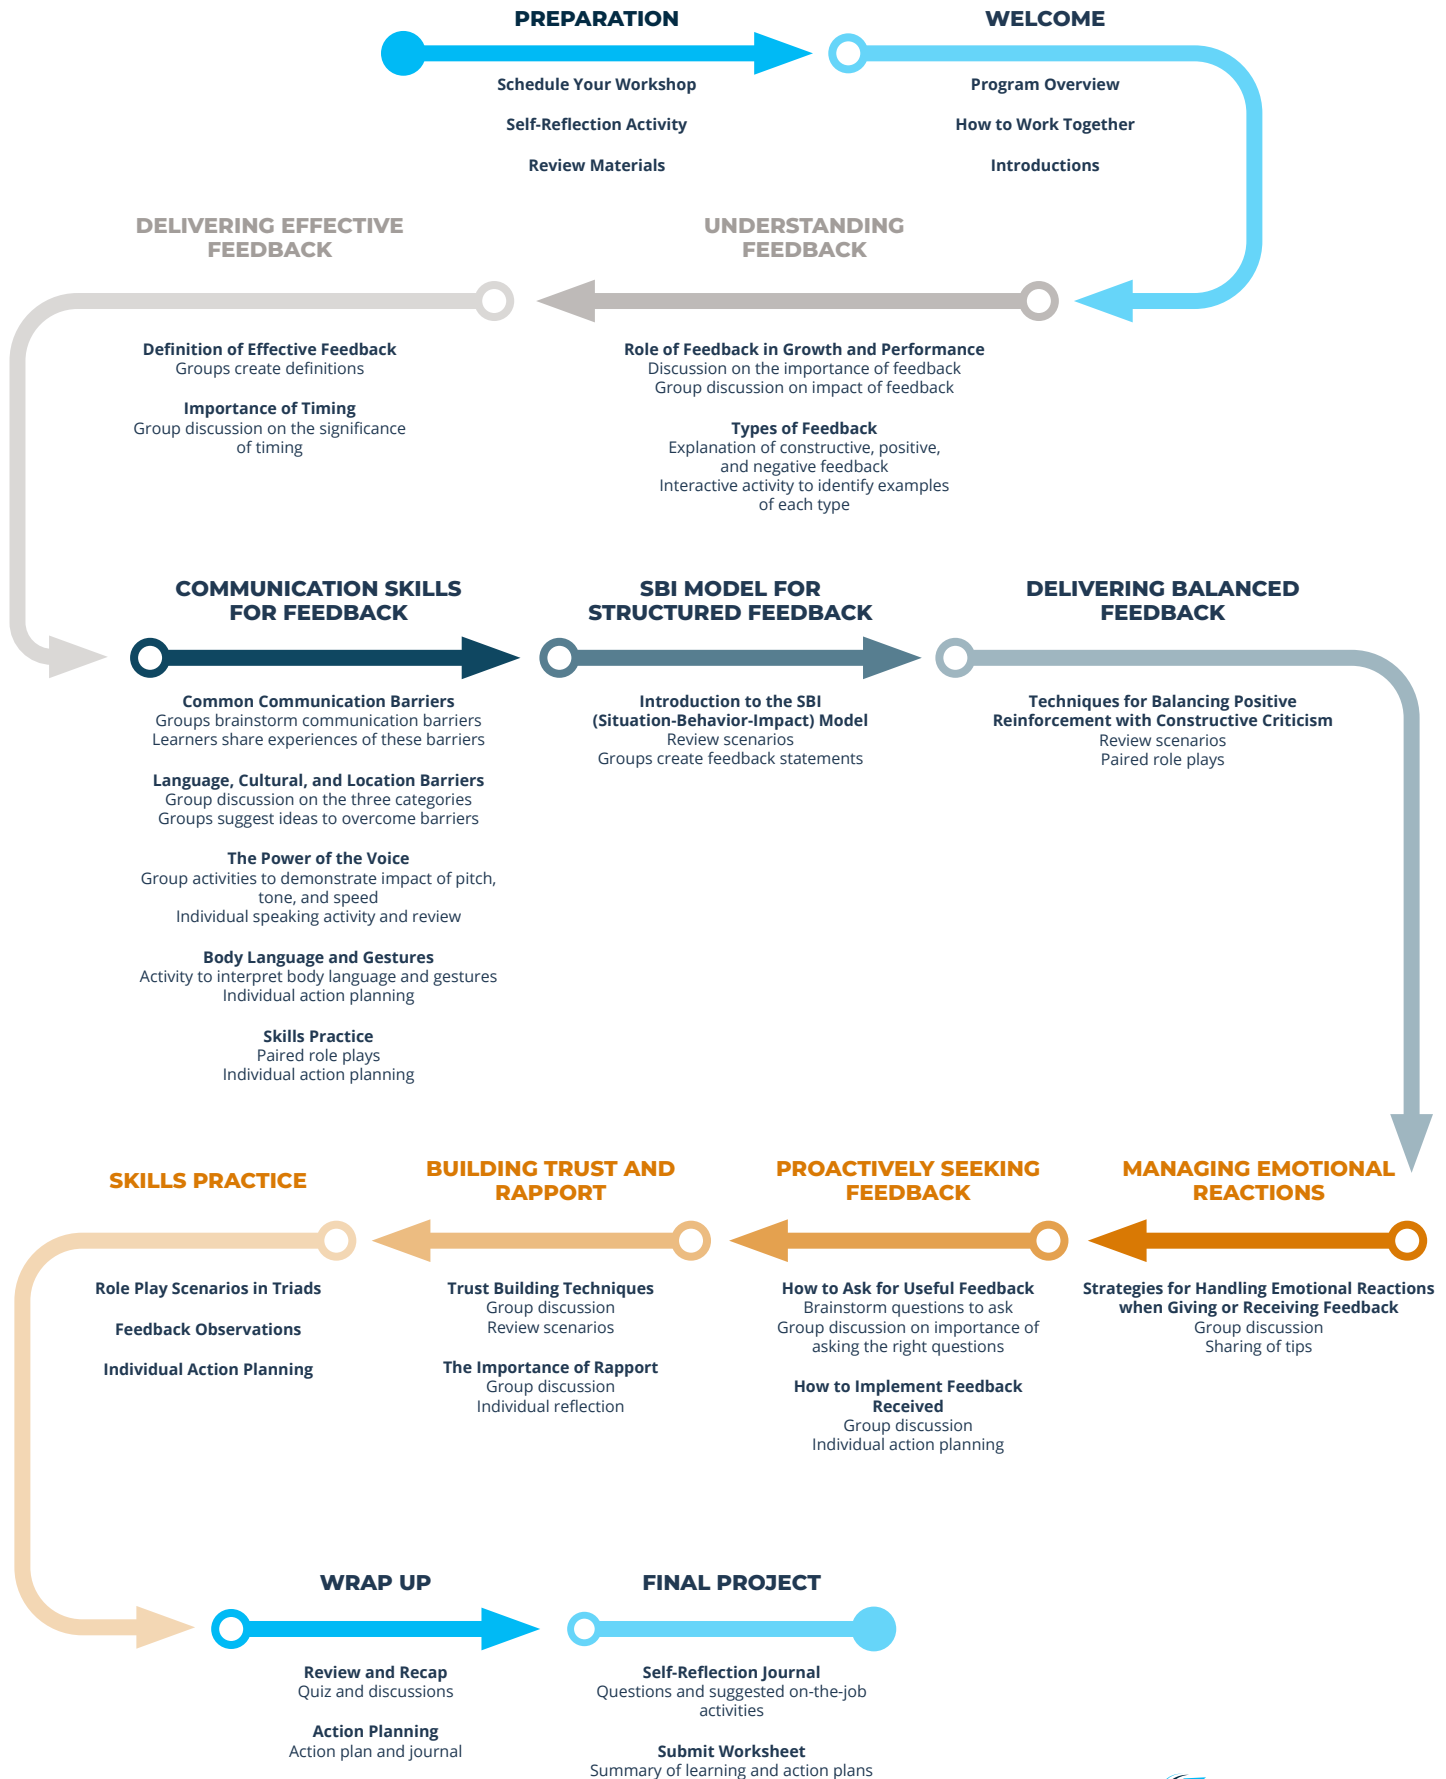

- Choice of delivery method: **Either one 6-hour** in-person workshop or a **two-week blended learning journey with one 2-hour** live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

VIRTUAL LEARNING

THE ACCESSIBLE & INCLUSIVE VIRTUAL CLASSROOM MASTERCLASS

COURSE DESCRIPTION

The Accessible & Inclusive Virtual Classroom Masterclass is a comprehensive program designed to equip learning professionals with the skills, tools, and strategies needed to create, facilitate, and produce virtual learning environments that are truly accessible and inclusive for all learners. Whether you're an instructional designer, facilitator, or producer, this masterclass will provide you with a holistic approach to accessibility and inclusion, ensuring that your virtual classrooms support diverse learners, including individuals with disabilities, neurodiverse participants, and those from various cultural and linguistic backgrounds.

Through a blend of self-paced activities, and a live workshop, participants will explore universal design principles, facilitation techniques, and real-time production practices that enhance accessibility. **By the end of this program, you will be able to design, facilitate, and produce seamless virtual learning experiences that promote equity and engagement for all.**

PROGRAM OBJECTIVES

Identify the key principles of accessibility and inclusion in virtual learning environments.

Evaluate the accessibility of their current virtual classroom designs and materials.

Apply inclusive design practices to create accessible content for diverse learners, including those with disabilities and neurodiverse needs.

Implement facilitation techniques that support engagement and participation for diverse learners, utilizing platform features such as live captions, breakout rooms, and polls.

Ensure real-time accessibility during virtual classrooms, using best practices for chat moderation, live troubleshooting, and supporting assistive technology users.

This program includes the following elements:

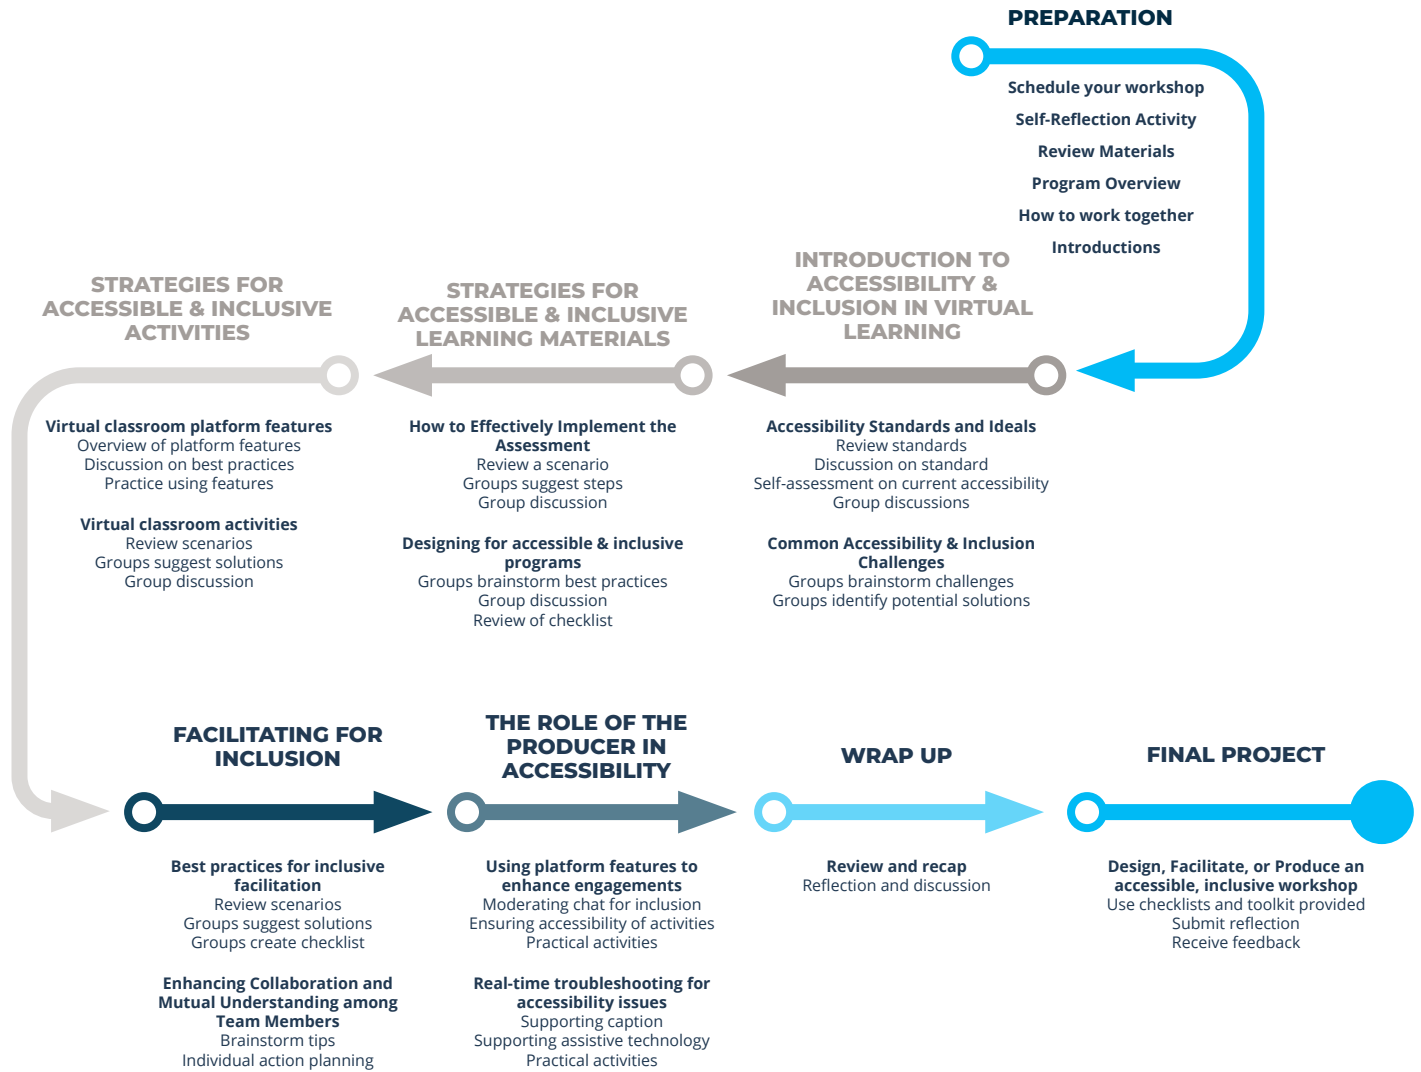

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Interactive – Achieving Excellence Through the Inquire Engagement Framework
- Checklist – Designing accessible learner materials
- Checklist – Accessible Virtual Classrooms

LEADERSHIP SKILLS

BUILD EFFECTIVE DIVERSE TEAMS

COURSE DESCRIPTION

In today's globalized and fast-evolving workplace, the ability to build and lead diverse teams is not just a valuable skill—it's essential for innovation, productivity, and sustainable success. Our Build Effective Diverse Teams Workshop is designed to equip leaders with the knowledge and tools needed to create inclusive environments where every team member can thrive. By attending this workshop, you will learn how to harness the power of diversity to drive performance, foster creativity, and enhance team collaboration.

This immersive workshop provides practical strategies to overcome common obstacles and leverage the unique perspectives and talents of each team member. Participants will explore how to cultivate an inclusive culture, improve communication across different backgrounds, and implement practices that promote equity and belonging.

Join us for this transformative experience and leave with actionable skills to build stronger, more effective teams that can navigate the complexities of today's business landscape with confidence and agility.

PROGRAM OBJECTIVES

Identify the importance of diversity in the workplace and how it contributes to innovation, creativity, and overall team performance.

Adopt strategies to create and sustain an inclusive environment where all team members feel valued, respected, and empowered to contribute their best.

Improve communication and collaboration among team members from diverse backgrounds and working environments, ensuring that all voices are heard and understood.

Identify biases and implement techniques to mitigate their impact on decision making, team dynamics, and organizational practices.

Use active listening skills to receive messages in a diverse population, employ effective questioning techniques, and communicate with strength.

Gain practical tools and methods for inclusive leadership, including how to lead diverse teams effectively, build trust, and manage conflicts constructively.

Develop the ability to adapt and thrive in a dynamic, diverse work environment, enhancing your team's resilience and agility in the face of change.

This program includes the following elements:

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop

LEADERSHIP SKILLS

INSTILL SAFETY & TRUST

COURSE DESCRIPTION

In today's fast-paced work environment, creating a foundation of safety and trust within your team is more crucial than ever before. Our Instill Safety and Trust Workshop is designed for leaders who aim to cultivate an atmosphere where team members feel secure, respected, and empowered to contribute their best. This workshop will equip you with the knowledge and tools to foster psychological safety and trust, driving enhanced performance, innovation, and collaboration within your team.

During this interactive session, you will explore the key elements that contribute to a safe and trusting workplace, identify common barriers, and learn practical strategies to overcome them. Through engaging discussions, real-world scenarios, and hands-on activities, you will develop essential skills in communication, feedback, and inclusive leadership. Join us to transform your leadership approach and build a cohesive, high-performing team where every member feels valued and inspired to excel. Don't miss this opportunity to enhance your leadership capabilities and create a thriving work environment.

Join us to take the first step toward instilling safety and trust in your team!

PROGRAM OBJECTIVES

Define the concepts of psychological safety and trust within teams and understand their critical role in fostering a high-performing, cohesive work environment.

Demonstrate how to communicate openly and honestly, ensuring transparency and fostering a culture of trust within your team.

Identify practical techniques to create and sustain an environment where team members feel safe to express their ideas, take risks, and share concerns without fear of negative repercussions.

Identify methods to build collaborative relationships within your team, promoting mutual respect, support, and understanding.

Demonstrate giving and receiving constructive feedback in a way that maintains trust and encourages continuous improvement and development.

Describe the behaviors and actions that exemplify trustworthy leadership and learn how to model these qualities to inspire confidence and reliability in your team.

Implement inclusive practices that ensure all team members feel valued and respected, contributing to a safe and trusting environment.

Describe how to establish a culture of accountability where team members feel responsible for their actions and commitments, reinforcing trust and reliability.

PERSONAL DEVELOPMENT

INFLUENCING SKILLS

COURSE DESCRIPTION

Unlock the power of influence with our Influencing Skills workshop, designed specifically for leaders who want to drive positive change and achieve their goals. In this dynamic and interactive program, you'll learn the core principles of influence, master various influencing styles, and develop strategies to build credibility and trust.

Discover how to communicate persuasively, apply effective negotiation techniques, and learn to influence with or without formal authority.

Create a compelling vision that inspires action, overcome resistance, and build strategic alliances to support your initiatives. By the end of this workshop, you'll be equipped with practical skills and strategies to enhance your influence, lead with confidence, and achieve remarkable results.

Join us to transform your leadership approach and become a master of influence!

PROGRAM OBJECTIVES

Explain the core principles and psychology behind influencing others effectively.

Craft and deliver compelling messages that resonate with your audience.

Master negotiation strategies to reach agreements and influence outcomes positively.

Develop the ability to create a compelling vision and inspire others to take action toward achieving it.

Identify common sources of resistance and implement strategies to overcome objections and gain buy-in.

Influence others by role modeling the way forward.

Develop strategies to establish and maintain credibility and trust with your team and stakeholders.

This program includes the following elements:

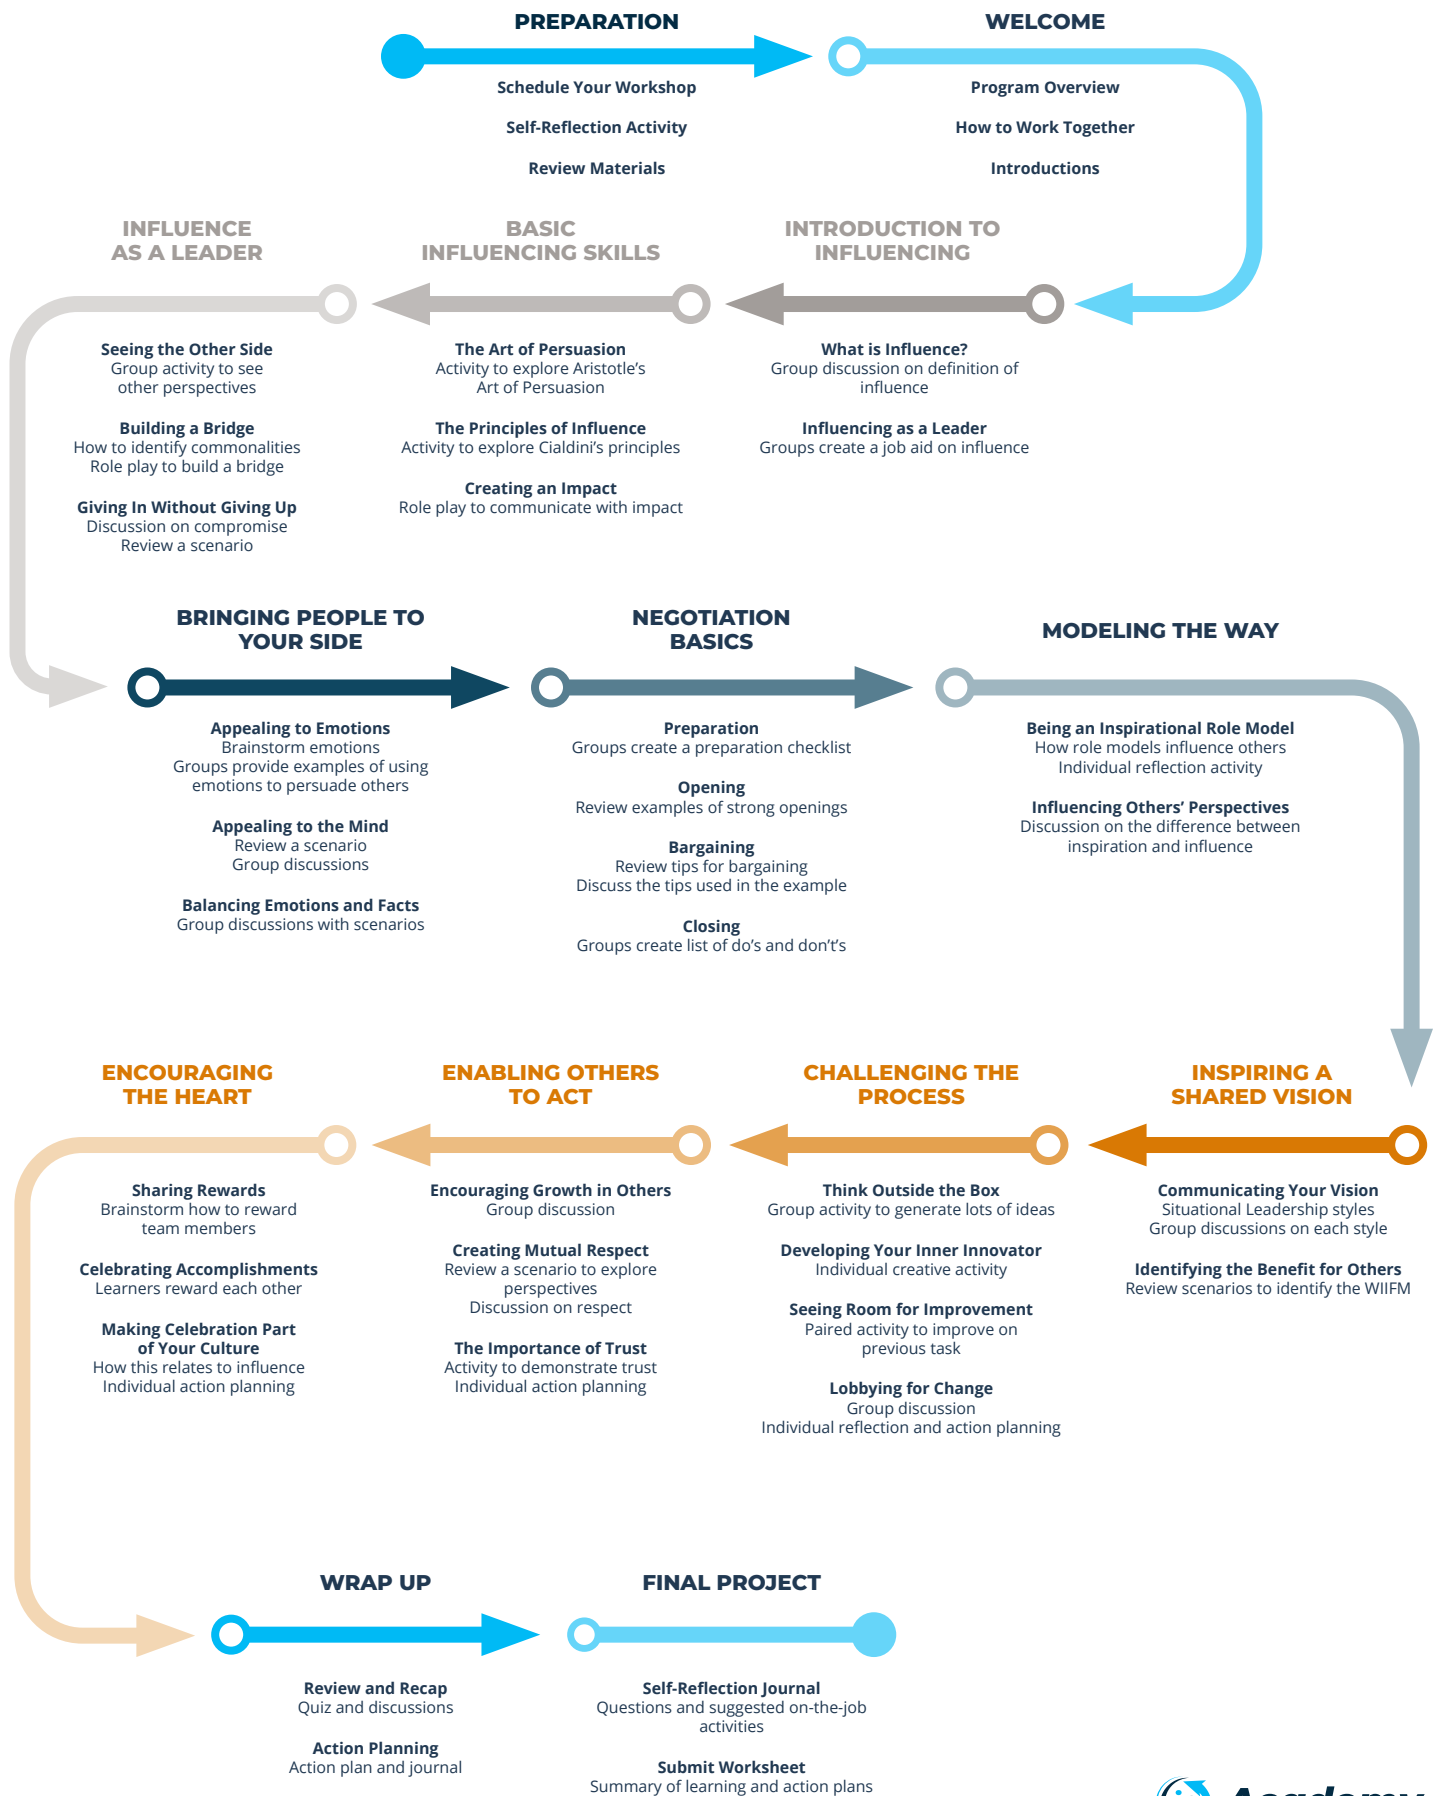

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

PERSONAL DEVELOPMENT

RESILIENCE

COURSE DESCRIPTION

In today's fast-paced and ever-changing business environment, resilience is a critical skill for effective leadership. Our Resilience Workshop is designed to equip leaders with the tools and strategies to navigate challenges, manage stress, and maintain a positive outlook.

Through this interactive and engaging program, you will learn to enhance your self-awareness, develop practical coping mechanisms, and build strong support networks.

Join us to master the art of bouncing back from adversity and leading with strength and confidence. Empower yourself to thrive in the face of challenges and sustain long-term success.

Elevate your leadership resilience and drive your organization forward with unwavering determination and positivity!

PROGRAM OBJECTIVES

Define resilience and understand its importance in leadership and organizational success.

Enhance self-awareness to identify personal strengths and areas for growth in resilience.

Learn techniques to manage and reduce stress, promoting mental and emotional well-being.

Develop a positive mindset to maintain motivation and optimism during challenging times.

Learn strategies to adapt to change and uncertainty with flexibility and creativity.

Acquire practical coping mechanisms to handle pressure and bounce back from adversity.

Build and maintain strong support networks within and outside the organization.

Develop the ability to learn from failures and setbacks, turning them into opportunities for growth and improvement.

This program includes the following elements:

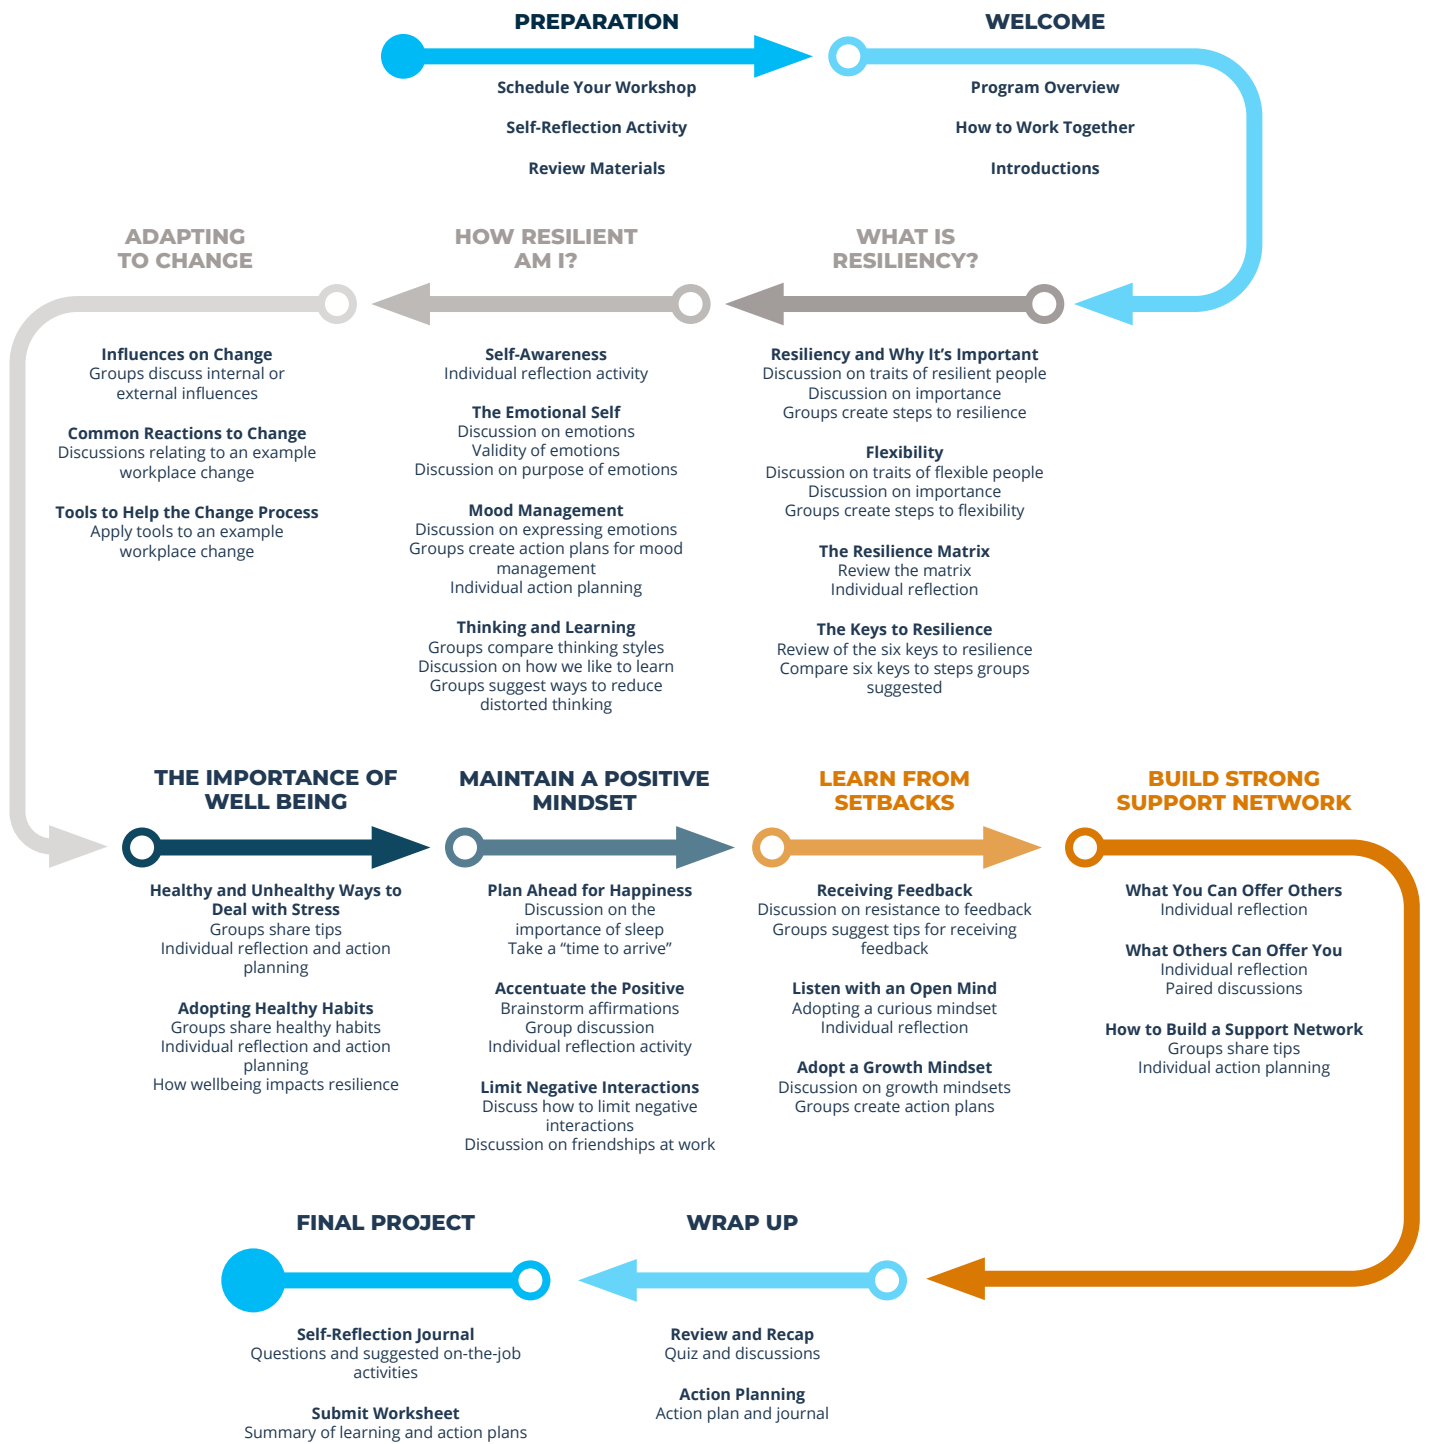

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

PERSONAL DEVELOPMENT

TIME MANAGEMENT

COURSE DESCRIPTION

Personal time management skills are the cornerstone of professional success in any workplace. Those who master time management can take charge of their workload instead of spending each day frantically responding to one crisis after another. As a result, stress levels drop, and personal productivity skyrockets! These highly effective individuals can zero in on the tasks that make the biggest impact on both their personal success and their organization's goals.

Our Time Management workshop is designed to equip participants with essential strategies for mastering their time. Attendees will walk away with a powerful skill set, including personal motivation techniques, delegation skills, organizational tools, and meeting management strategies.

Join us to discover these invaluable tools and more, all aimed at transforming how you approach your workday.

PROGRAM OBJECTIVES

Create a daily plan and prioritize tasks to maximize efficiency and productivity.

Implement techniques to overcome procrastination and take immediate action on tasks.

Optimize their workspace and workflow for enhanced time management and reduced clutter.

Delegate tasks effectively by identifying the right tasks to assign and selecting the appropriate team members.

Develop and maintain daily rituals that streamline routines and increase overall life efficiency.

Design and conduct meetings with clear objectives, agendas, and outcomes to ensure they are purposeful and productive.

This program includes the following elements:

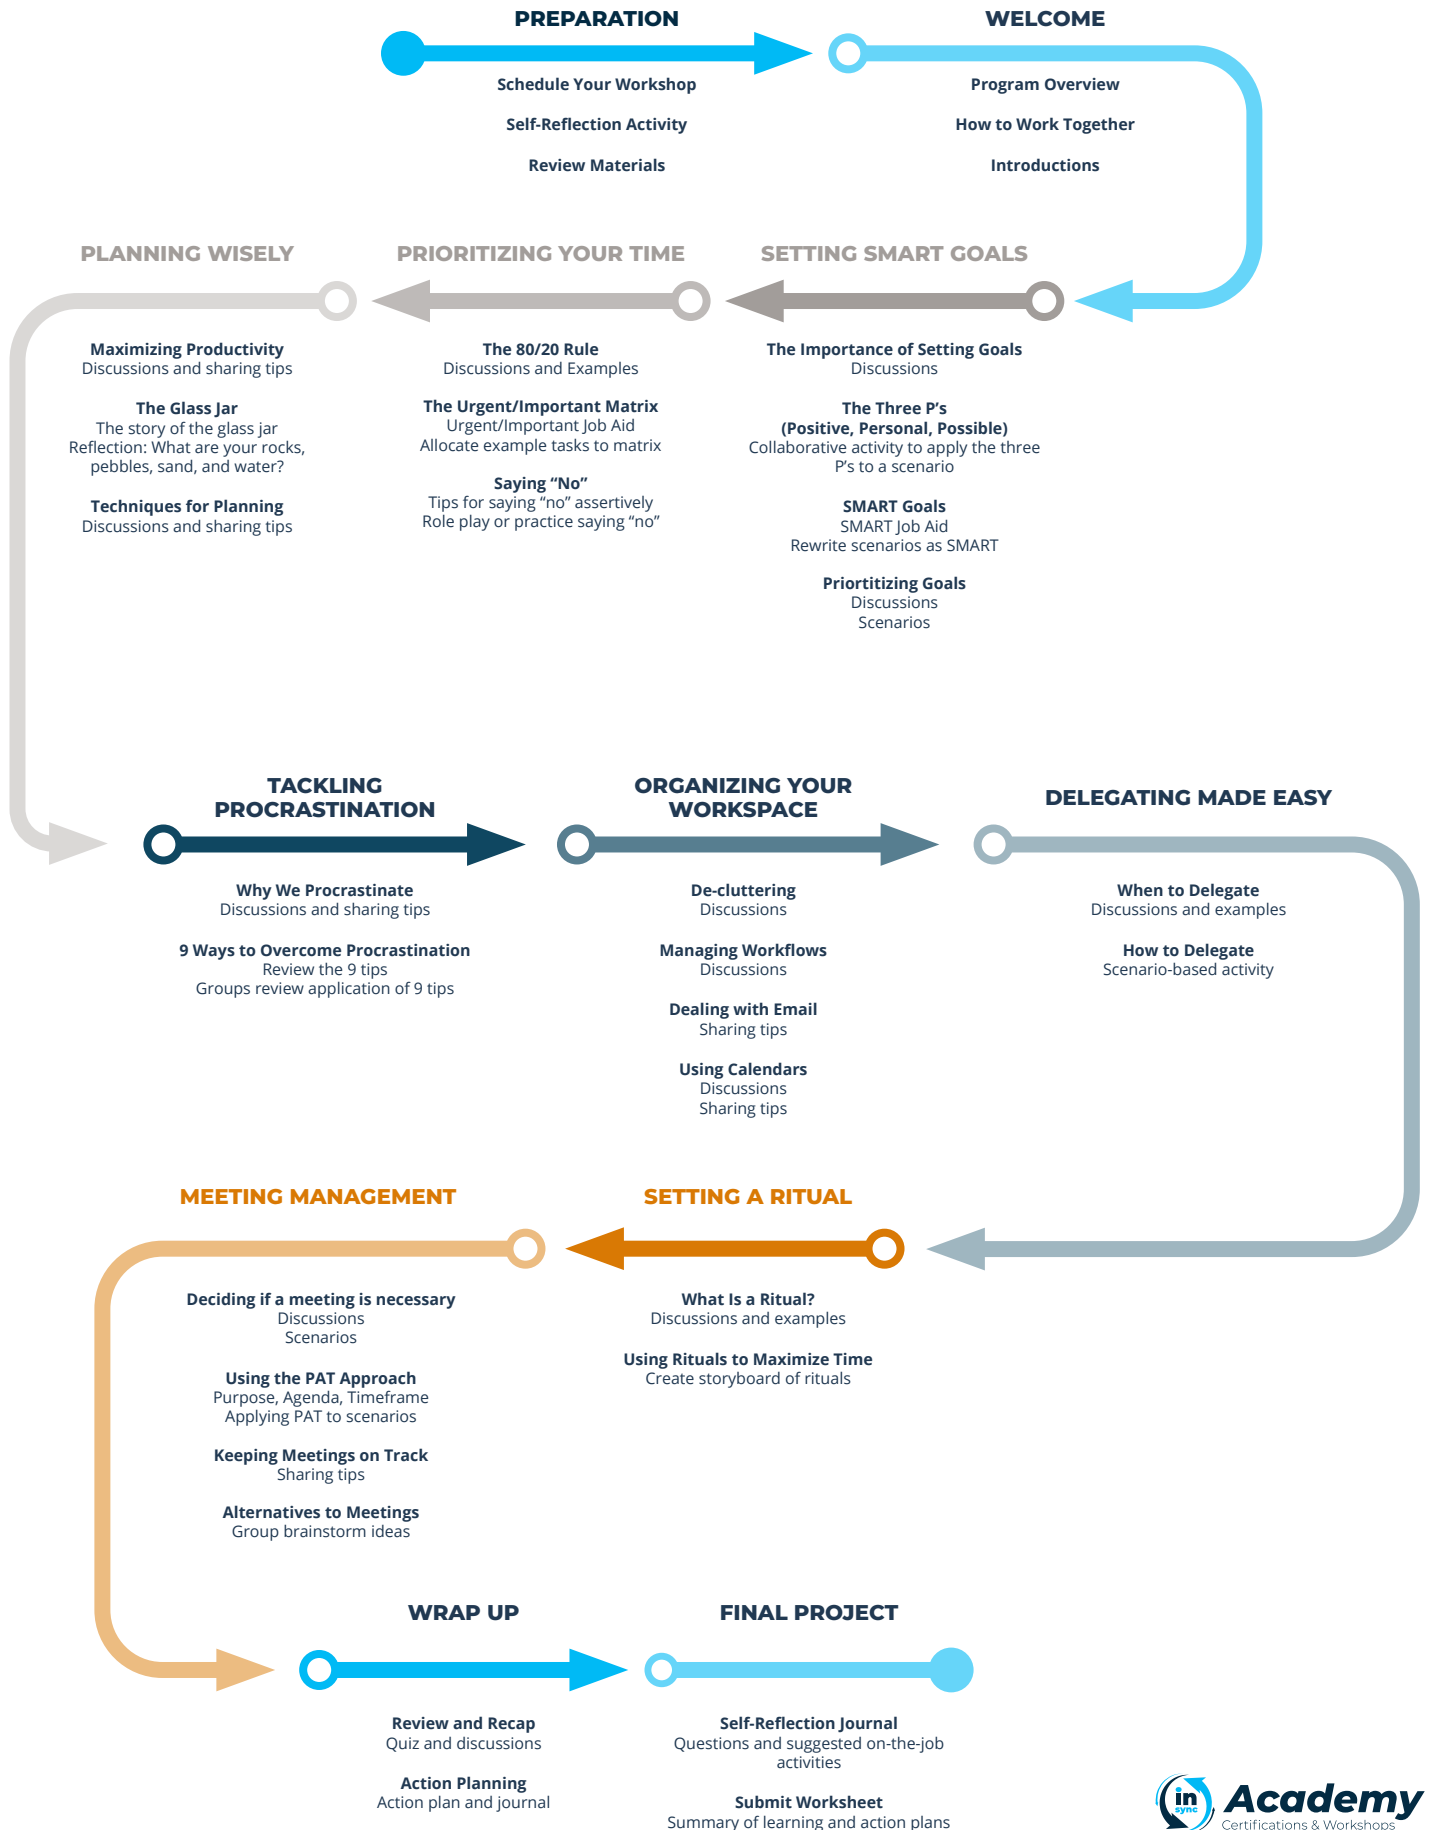

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

MASTERING EXECUTIVE PRESENCE IN THE HYBRID WORKPLACE

COURSE DESCRIPTION

In the modern hybrid workplace, executive presence is more crucial than ever. The “**Mastering Executive Presence in the Hybrid Workplace**” course is designed to help leaders develop the confidence, communication skills, and emotional intelligence needed to excel in both virtual and face-to-face environments. During the program, participants will explore key elements of executive presence, including gravitas, verbal and non-verbal communication, and trust-building strategies. Through interactive sessions, role-playing scenarios, and personalized feedback, this course will equip learners with the tools to project authority, build influence, and lead with empathy across diverse work settings.

This course offers a blend of practical techniques and leadership strategies tailored for hybrid teams, ensuring that participants leave with a solid action plan for improving their executive presence and leadership effectiveness. Whether leading meetings remotely or managing in-person team dynamics, learners will gain the confidence and skills necessary to inspire and engage their teams in any context.

PROGRAM OBJECTIVES

By the end of this program, learners will be able to:

Define the key elements of executive presence and its importance in a hybrid work environment.

Develop strong verbal and non-verbal communication techniques that project confidence and clarity across virtual and in-person platforms.

Identify strategies to build credibility, foster trust, and enhance influence with hybrid teams and stakeholders.

Use Emotional Intelligence to navigate diverse team dynamics, maintaining composure and empathy in both remote and face-to-face interactions.

Project confidence using body language, tone, and appearance to command attention and inspire action regardless of location.

Implement leadership strategies that maintain engagement, collaboration, and accountability with both virtual and co-located teams.

Navigate challenging situations by mastering techniques for handling difficult conversations and decision-making in a hybrid environment.

This program includes the following elements:

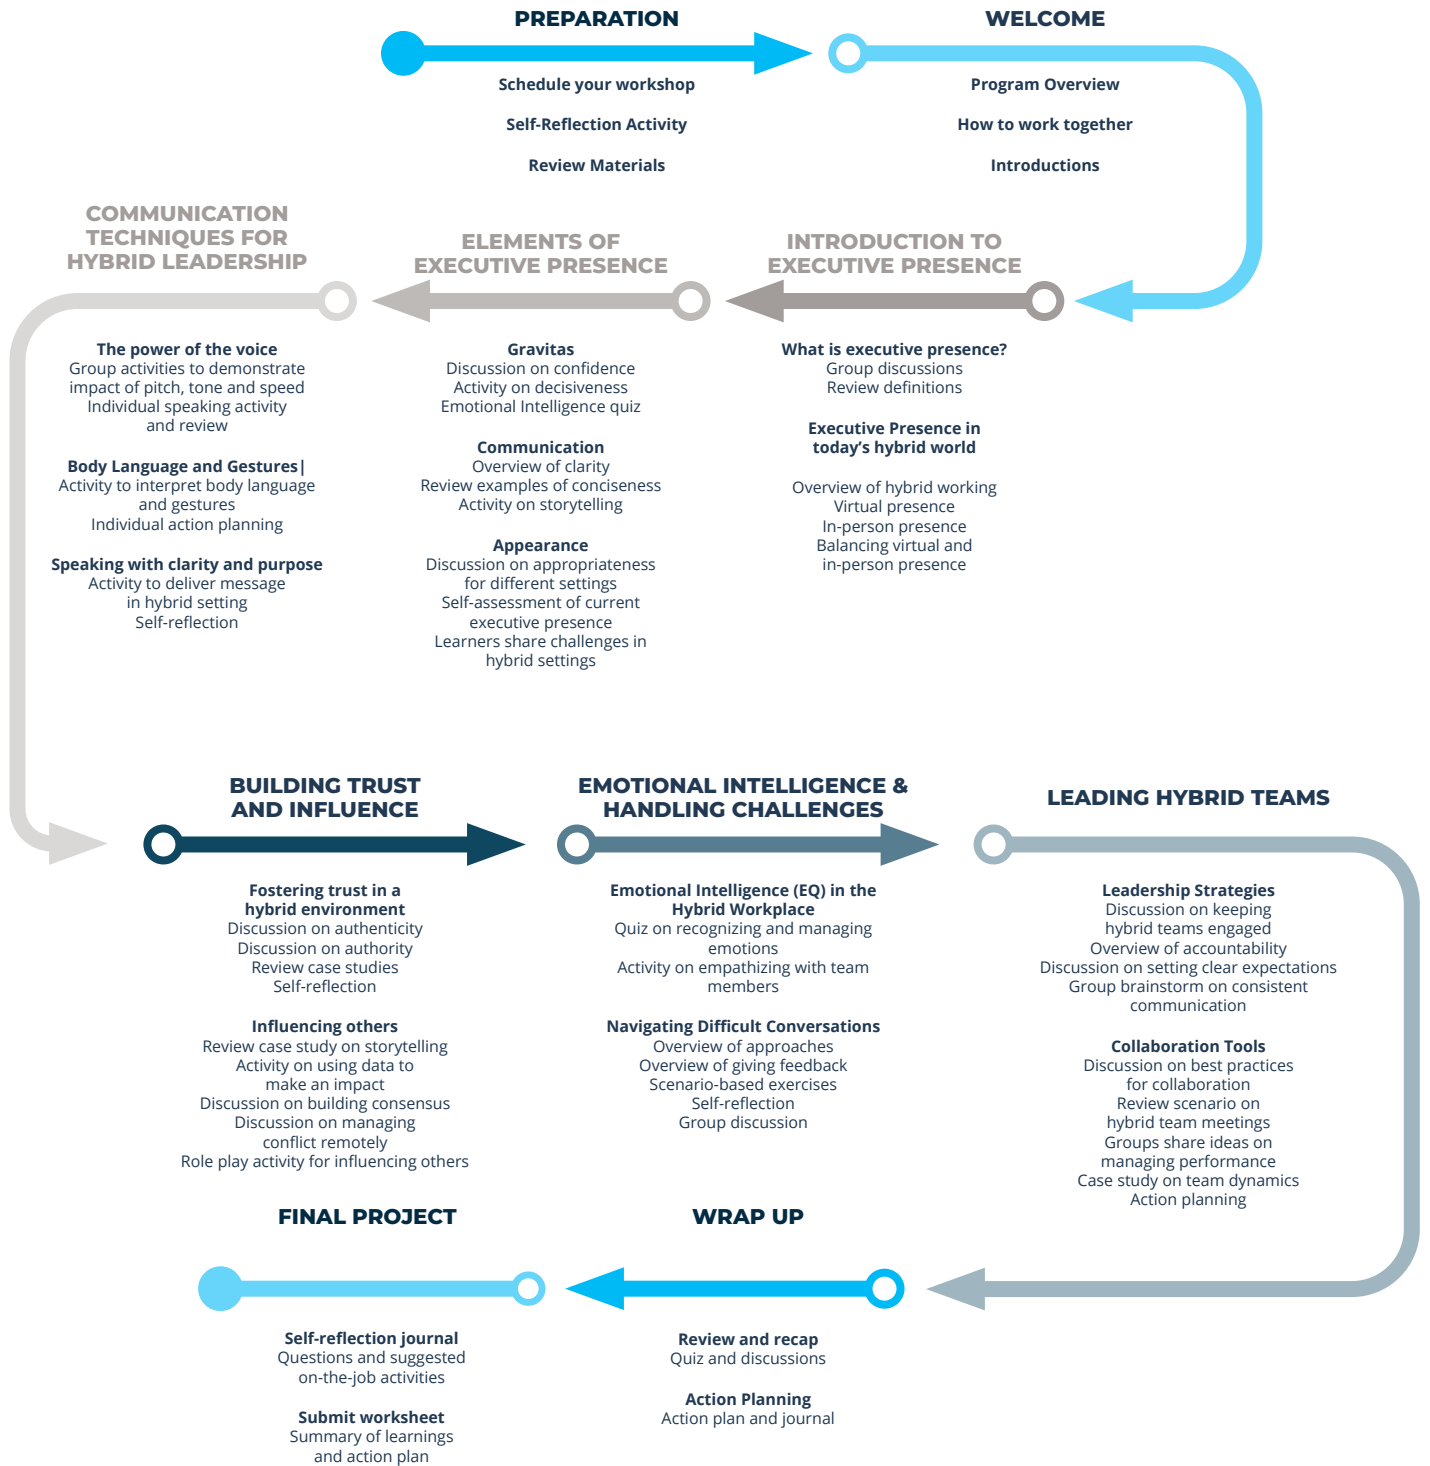

- Choice of delivery method: **Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop**
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

LEADERSHIP SKILLS

LEADING HYBRID TEAMS

COURSE DESCRIPTION

In today's dynamic work environment, hybrid teams—comprising both remote and in-office workers—are becoming the norm. Leading these teams effectively requires unique strategies that balance collaboration, communication, and productivity across different work environments. The Leading Hybrid Teams Workshop provides leaders with the skills and tools to assemble, manage, and inspire highly effective hybrid teams.

This program focuses on choosing the right team members, fostering emotional intelligence, and using technology to bridge physical distances. Through a blend of self-directed learning and a live, interactive workshop, participants will discover how to navigate the challenges of hybrid teams while driving engagement, performance, and team cohesion.

PROGRAM OBJECTIVES

By the end of this program, learners will be able to:

Identify key characteristics of team members who thrive in hybrid environments, focusing on self-motivation, diversity, and skill alignment.

Use emotional intelligence to run engaging and productive meetings, while addressing generational differences and managing common team conflicts.

Establish effective communication habits that support clarity and engagement, and identify tools that streamline collaboration across remote and in-office team members.

Apply strategies to ensure team cohesion, manage performance, and address common issues like underperformance and conflict.

Support hybrid team members in setting up productive workspaces, maintaining a healthy work-life balance, and fostering a sense of team belonging.

This program includes the following elements:

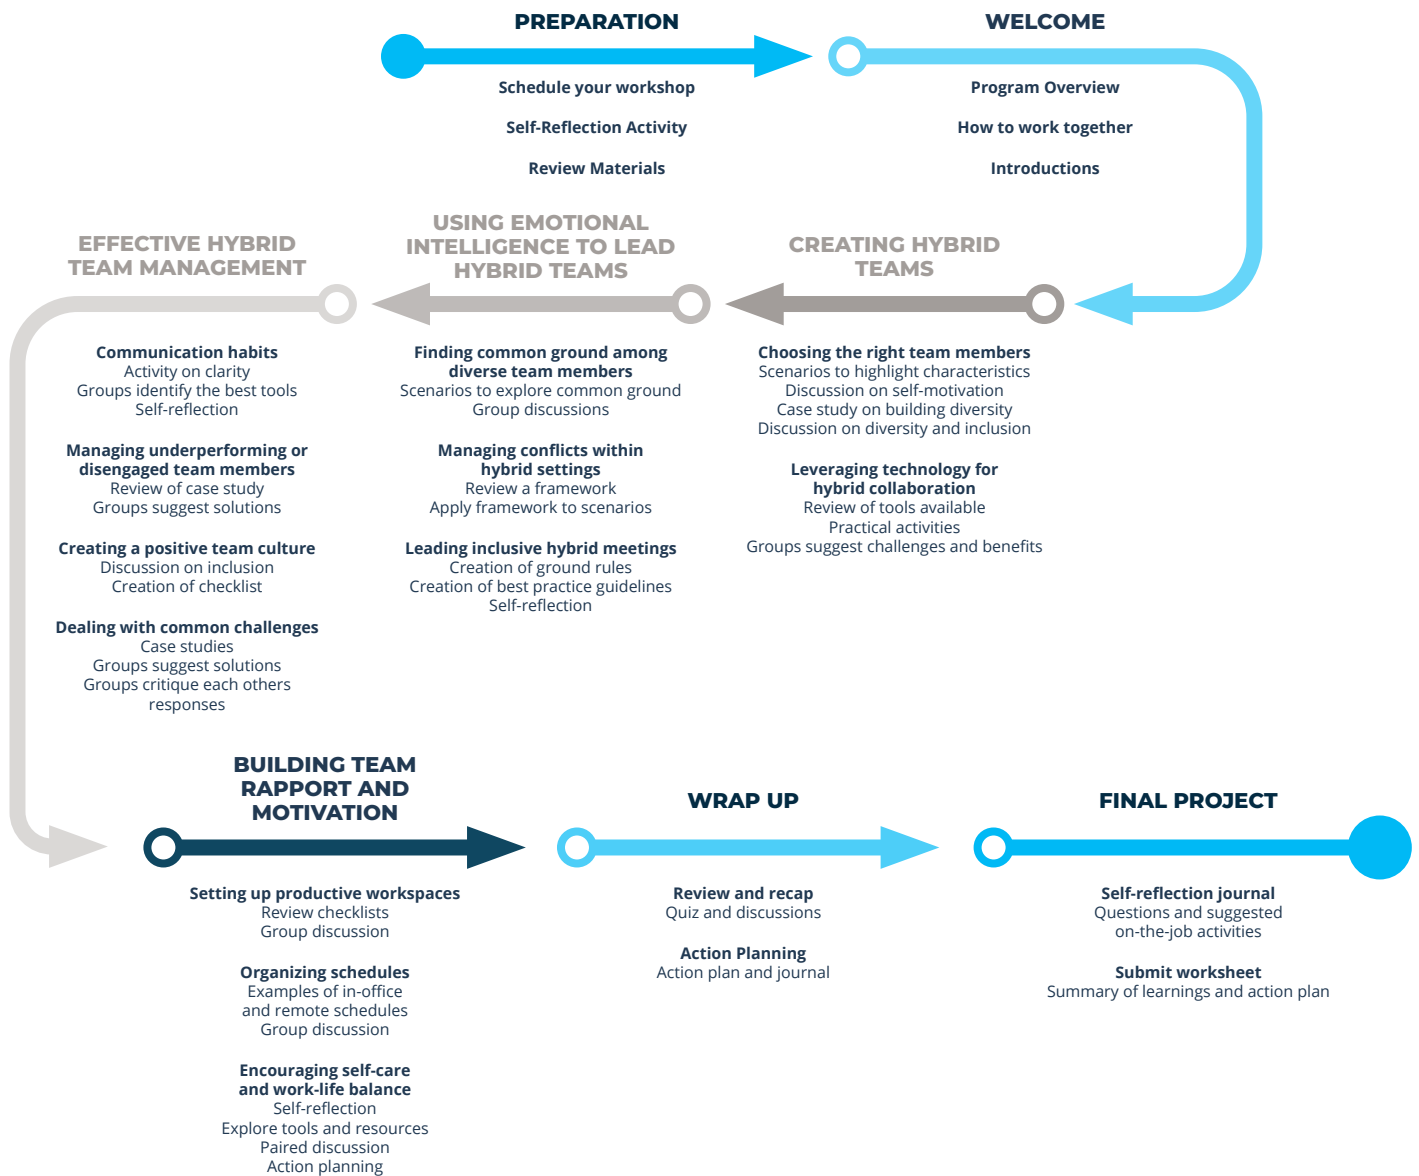

- Choice of delivery method: Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

PROJECT MANAGEMENT

COURSE DESCRIPTION

Unlock the secrets of project success with our Project Management Workshop! Over the past few decades, organizations have discovered that the principles behind large-scale project triumphs can be applied to projects of any size, leading to extraordinary results. Today, mastering project management techniques is a vital skill for every employee.

In this workshop, you'll gain a comprehensive overview of the entire project management process and learn to wield essential project management tools that can be applied daily. You'll work hands-on with critical project planning documents, including needs assessments, risk management plans, and communication plans, driving benefits across your organization.

Join us to elevate your project management skills, streamline your workflows, and contribute to your organization's success. Transform your approach to projects and achieve remarkable outcomes, no matter the size!

PROGRAM OBJECTIVES

Define what constitutes a project, understand the role of project management, and identify the key responsibilities of a project manager.

Recognize and apply the five process groups and nine knowledge areas as outlined by the Project Management Institute (PMI).

Conduct a thorough project needs assessment and articulate clear goals, requirements, and deliverables.

Utilize the work breakdown structure to organize project tasks effectively.

Prepare comprehensive project planning documents, including a schedule, risk management plan, and communication plan.

Implement key planning tools such as Gantt charts, network diagrams, and RACI charts.

Monitor project progress and maintain control to ensure successful completion.

Execute fundamental management tasks, such as leading status meetings and ensuring the thorough documentation of the project upon completion.

This program includes the following elements:

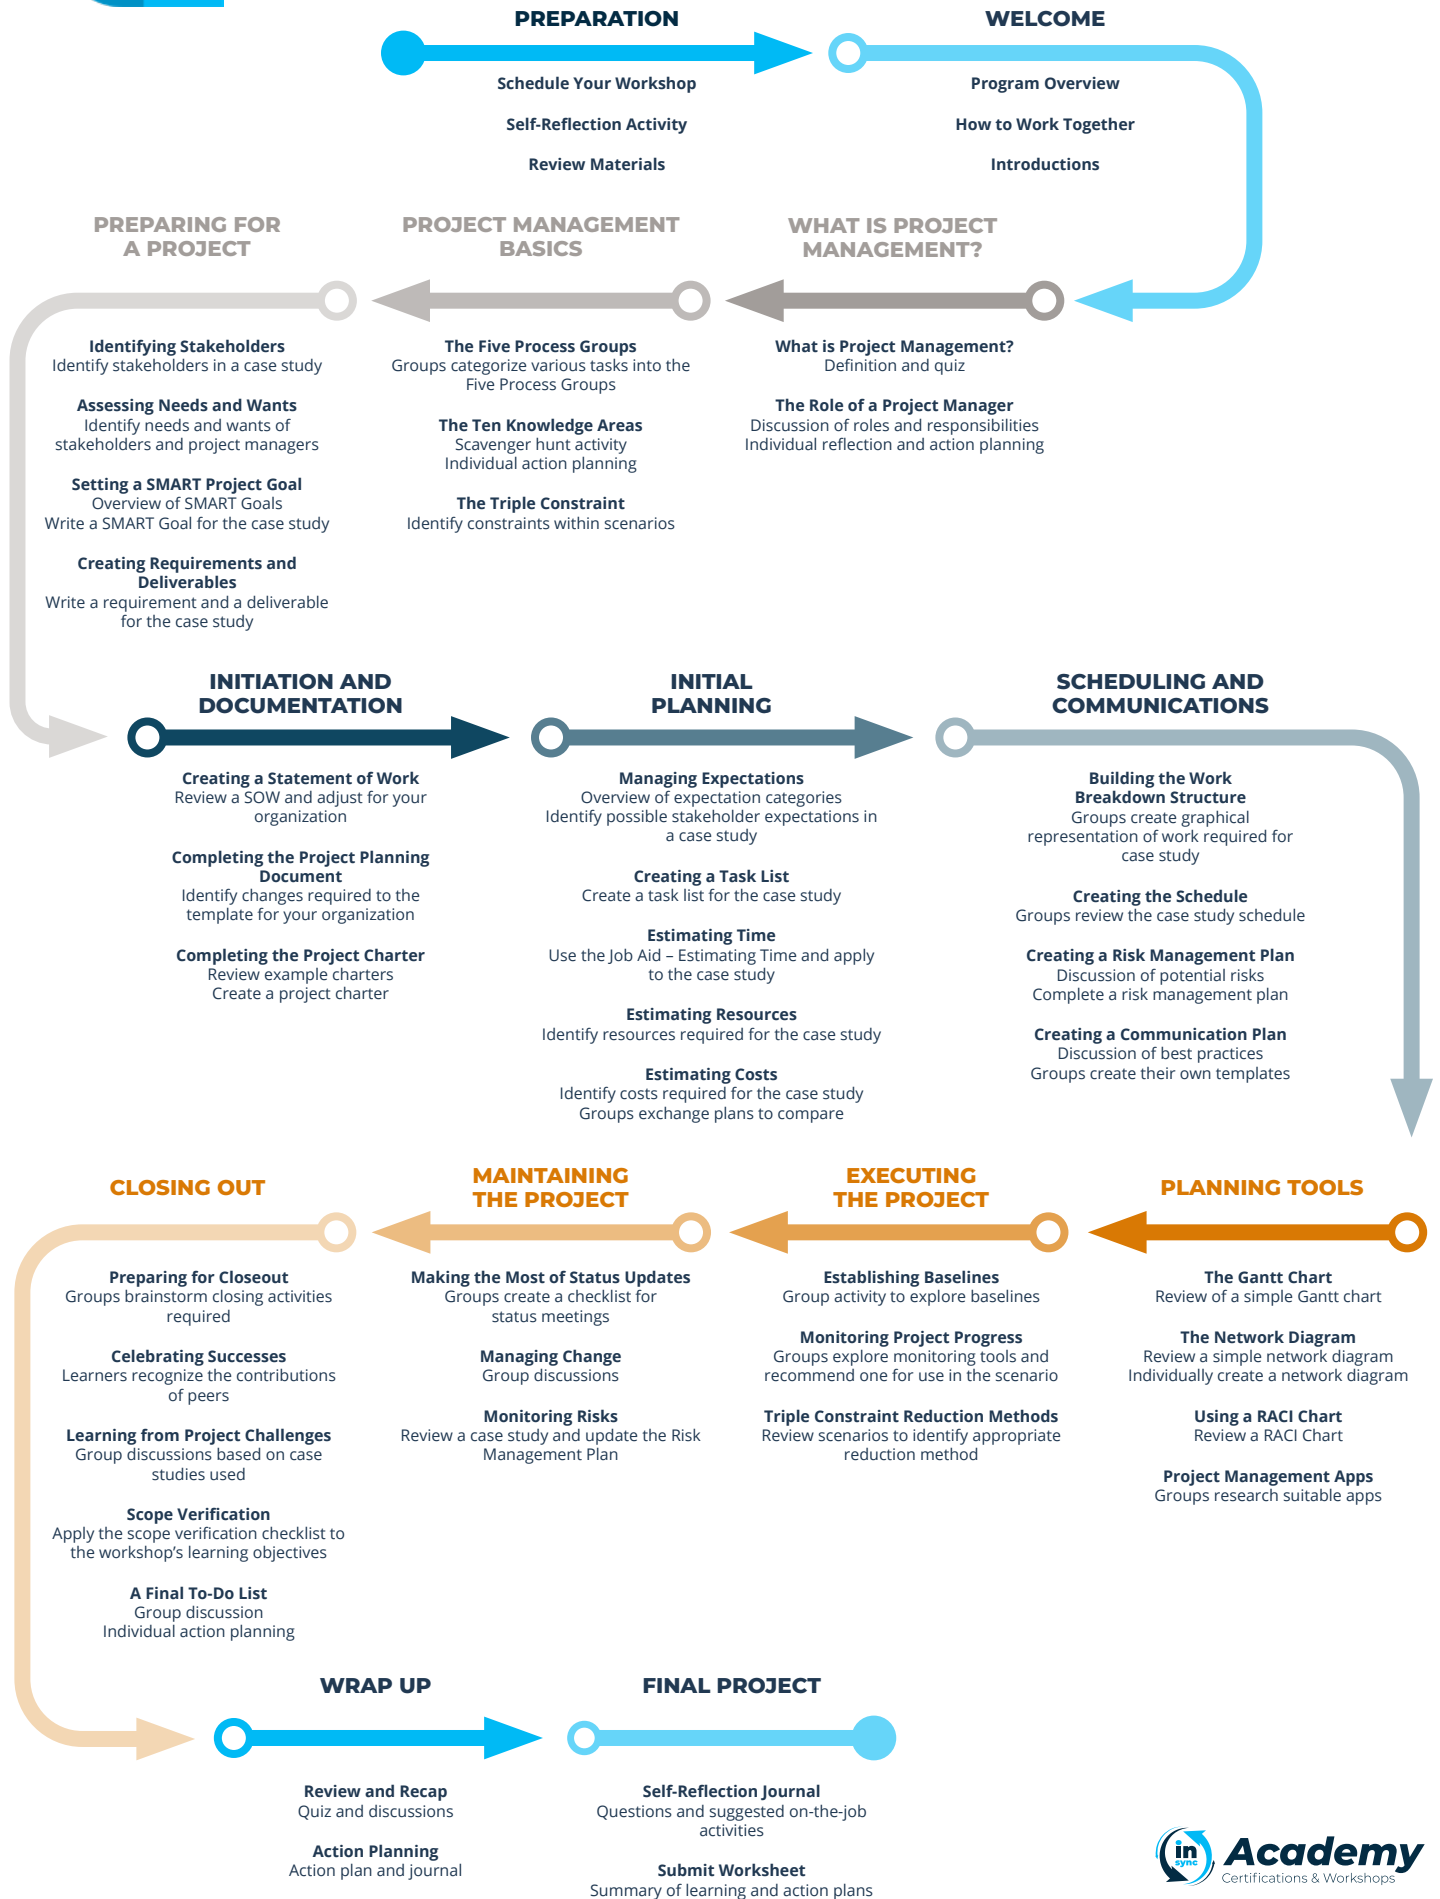

- Choice of delivery method: **Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop**
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

LEARNING CAMPAIGN MAP

PSYCHOLOGICAL SAFETY

COURSE DESCRIPTION

Discover the transformative power of psychological safety and learn how to build trust and innovation in your team. Psychological safety is the shared belief within a team that it is safe to take interpersonal risks, such as speaking up, sharing ideas, admitting mistakes, or asking for help without fear of negative consequences.

Research shows that psychological safety significantly impacts team performance and organizational success. It leads to improved team learning and innovation, higher employee engagement and motivation, better decision making and problem solving, and enhanced well-being with reduced burnout.

In this workshop, you will explore various scenarios and dynamics that influence psychological safety. Through guided discussions and interactive activities, participants will uncover effective strategies to build and maintain psychological safety within their teams.

Join us to learn how to create an environment where everyone feels empowered to contribute their best, driving your team and organization toward greater success.

PROGRAM OBJECTIVES

Define psychological safety and recognize its importance in fostering a high-performing, innovative, and resilient team.

Identify the benefits of psychological safety, including improved team learning, increased innovation, higher employee engagement, better decision-making, enhanced well-being, and reduced burnout.

Identify common barriers to psychological safety within teams and organizations, and understand how to address and overcome these obstacles.

Learn practical strategies to build and maintain trust within your team, creating a foundation for psychological safety.

Cultivate an environment that encourages open communication where team members feel safe to speak up, share ideas, admit mistakes, and ask for help.

Develop leadership skills that support psychological safety, including active listening and empathy.

Implement inclusive practices that ensure all team members feel valued and respected, contributing to a psychologically safe environment.

This program includes the following elements:

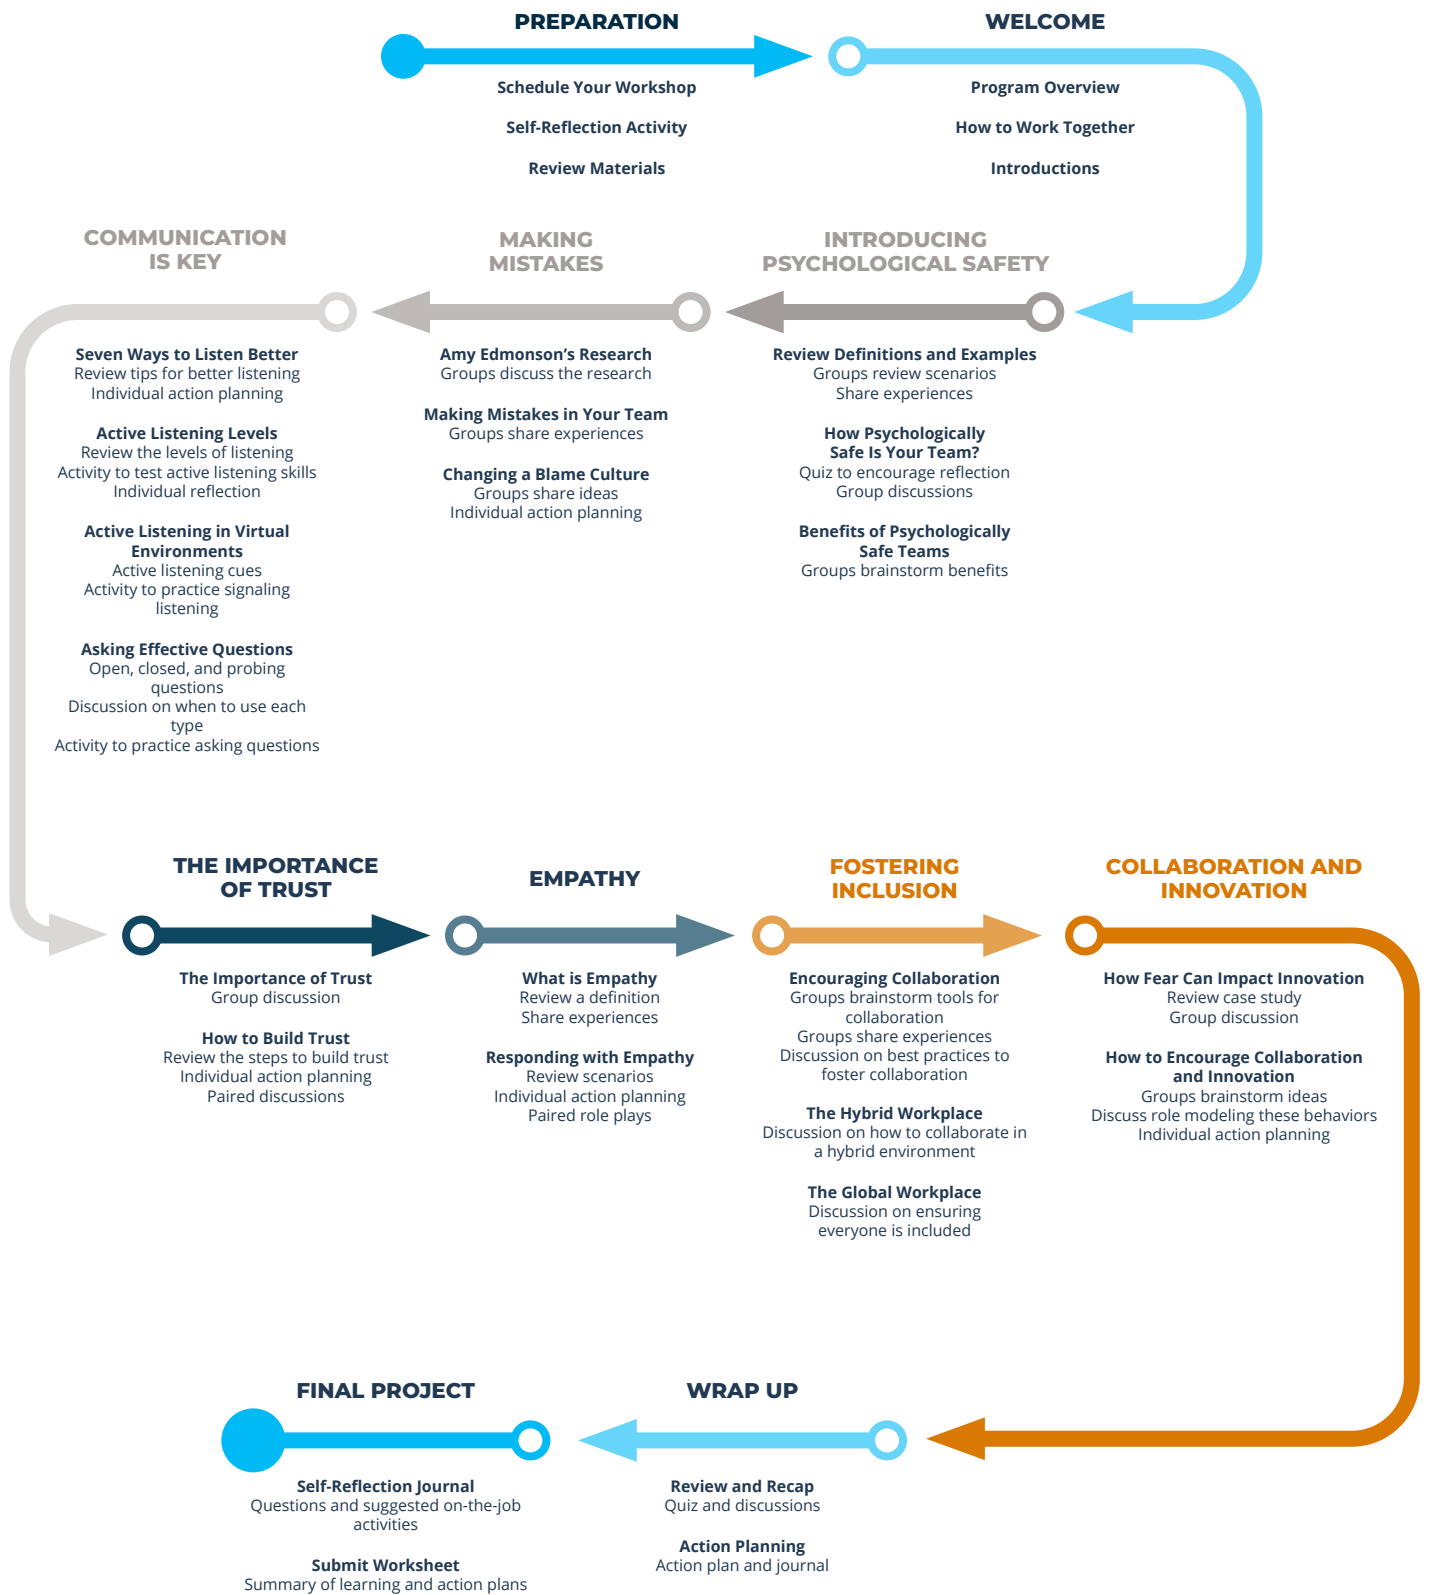

- Choice of delivery method: **Either one 6-hour in-person workshop or a two-week blended learning journey with one 2-hour live virtual workshop**
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

STAKEHOLDER MANAGEMENT

COURSE DESCRIPTION

Effective stakeholder management is crucial for any leader aiming to drive successful projects and initiatives. Our Stakeholder Management Workshop is designed to equip leaders with the skills and strategies needed to identify, engage, and manage stakeholders effectively.

In this comprehensive and interactive workshop, you will learn to accurately identify your stakeholders, understanding their influence and impact on your organization. Gain insights into assessing and prioritizing stakeholder needs and expectations to align them with your organizational goals.

Develop tailored engagement strategies to communicate effectively with diverse stakeholder groups and build strong, positive relationships. Learn how to proactively manage and align stakeholder expectations, resolving conflicts with finesse and maintaining a cooperative environment.

By the end of this workshop, you'll be adept at managing stakeholder relationships, ensuring your projects and initiatives receive the support and collaboration needed for success.

Join us to become a master of stakeholder management and elevate your leadership impact!

PROGRAM OBJECTIVES

Accurately identify all relevant stakeholders, understanding their influence and impact on the project or organization.

Assess and prioritize stakeholder needs, expectations, and potential concerns to align them with organizational goals.

Create tailored strategies to effectively engage and communicate with different stakeholder groups.

Foster and maintain strong, positive relationships with stakeholders through trust-building and consistent communication.

Proactively manage and align stakeholder expectations to ensure project or organizational success.

Implement effective conflict resolution techniques to address and resolve stakeholder disputes and issues.

Utilize clear and persuasive communication methods to keep stakeholders informed and engaged.

This program includes the following elements:

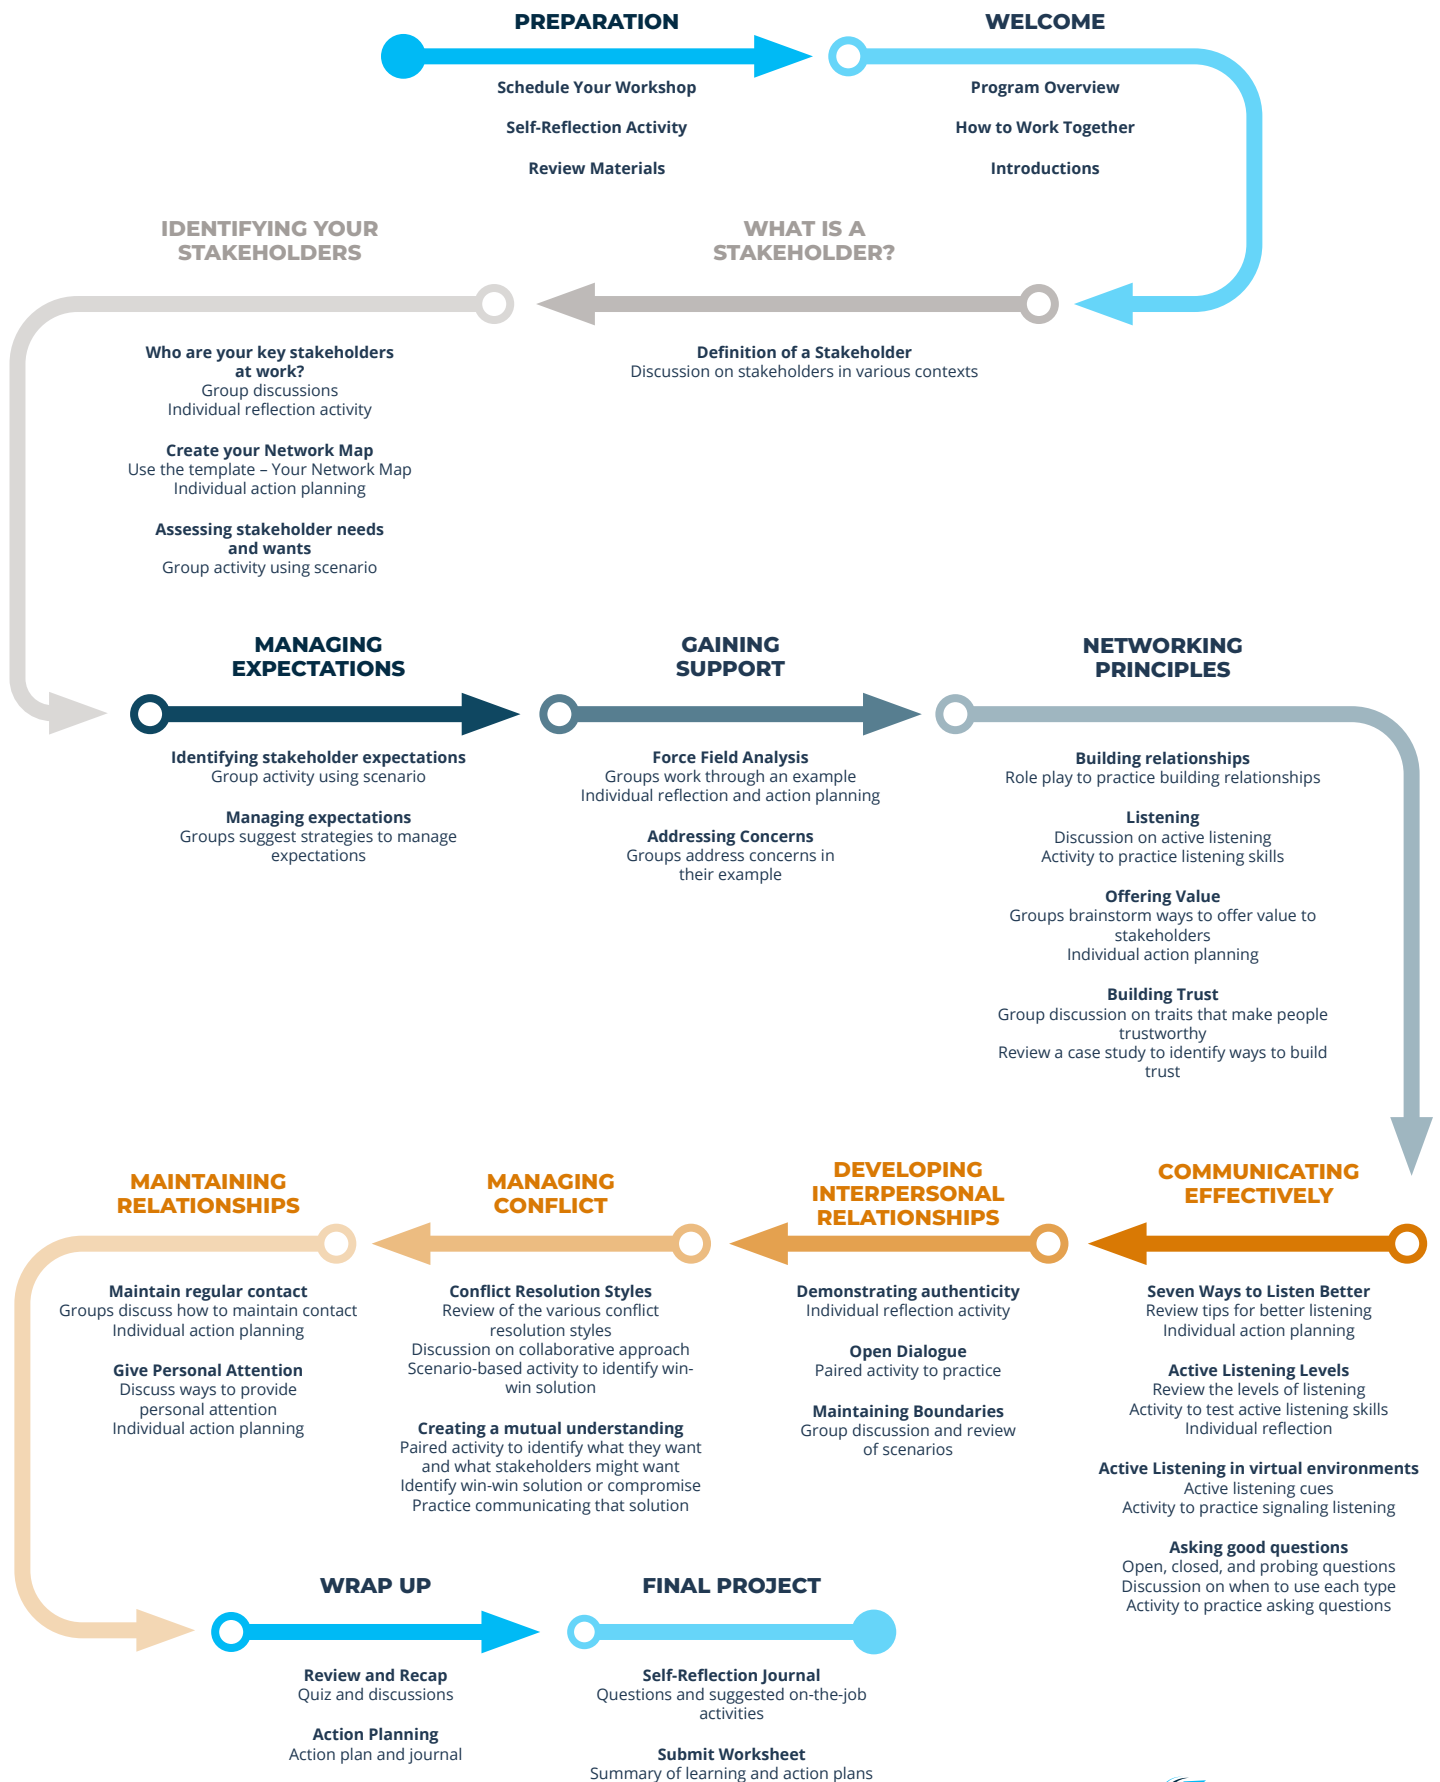

- Choice of delivery method: **Either one 6-hour** in-person workshop or a **two-week blended learning journey with one 2-hour** live virtual workshop
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

VIRTUAL LEARNING

APP-ENHANCED VIRTUAL CLASSROOM

COURSE DESCRIPTION

There's an app for everything these days, including a full catalog of third-party tools your team can use to craft a dynamic, collaborative virtual learning environment.

In this collaborative workshop, your team gets hands-on experience with third-party apps like Kahoot, Twiddla, Mentimeter, and Beekast. Teams learn to integrate them into live events to create active learning experiences that foster group problem solving and boost learner engagement.

PROGRAM OBJECTIVES

Evaluate the effectiveness of 3rd party tools.

Integrate the tools to create active virtual programs.

Enhance learner engagement and collaboration.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

VIRTUAL LEARNING

BLENDED LEARNING CAMPAIGN DESIGN

COURSE DESCRIPTION

Flexibility is the key to optimizing blended learning and enhancing virtual training experiences so that learners can independently excel. You create cohesive blended learning experiences and maximize your investment.

In this collaborative workshop, your team tackles the challenges of global team collaboration in today's intricate blended learning environment. You learn how to consolidate lessons, resources, and activities into one curated learning path that optimally balances live and self-directed learning.

PROGRAM OBJECTIVES

Discuss how technology, design, people, place, and time influence blended learning.

Differentiate between instructional strategies, techniques, and technologies.

Ensure learning continues after the campaign is complete.

Design a blended learning campaign map.

This program includes the following elements:

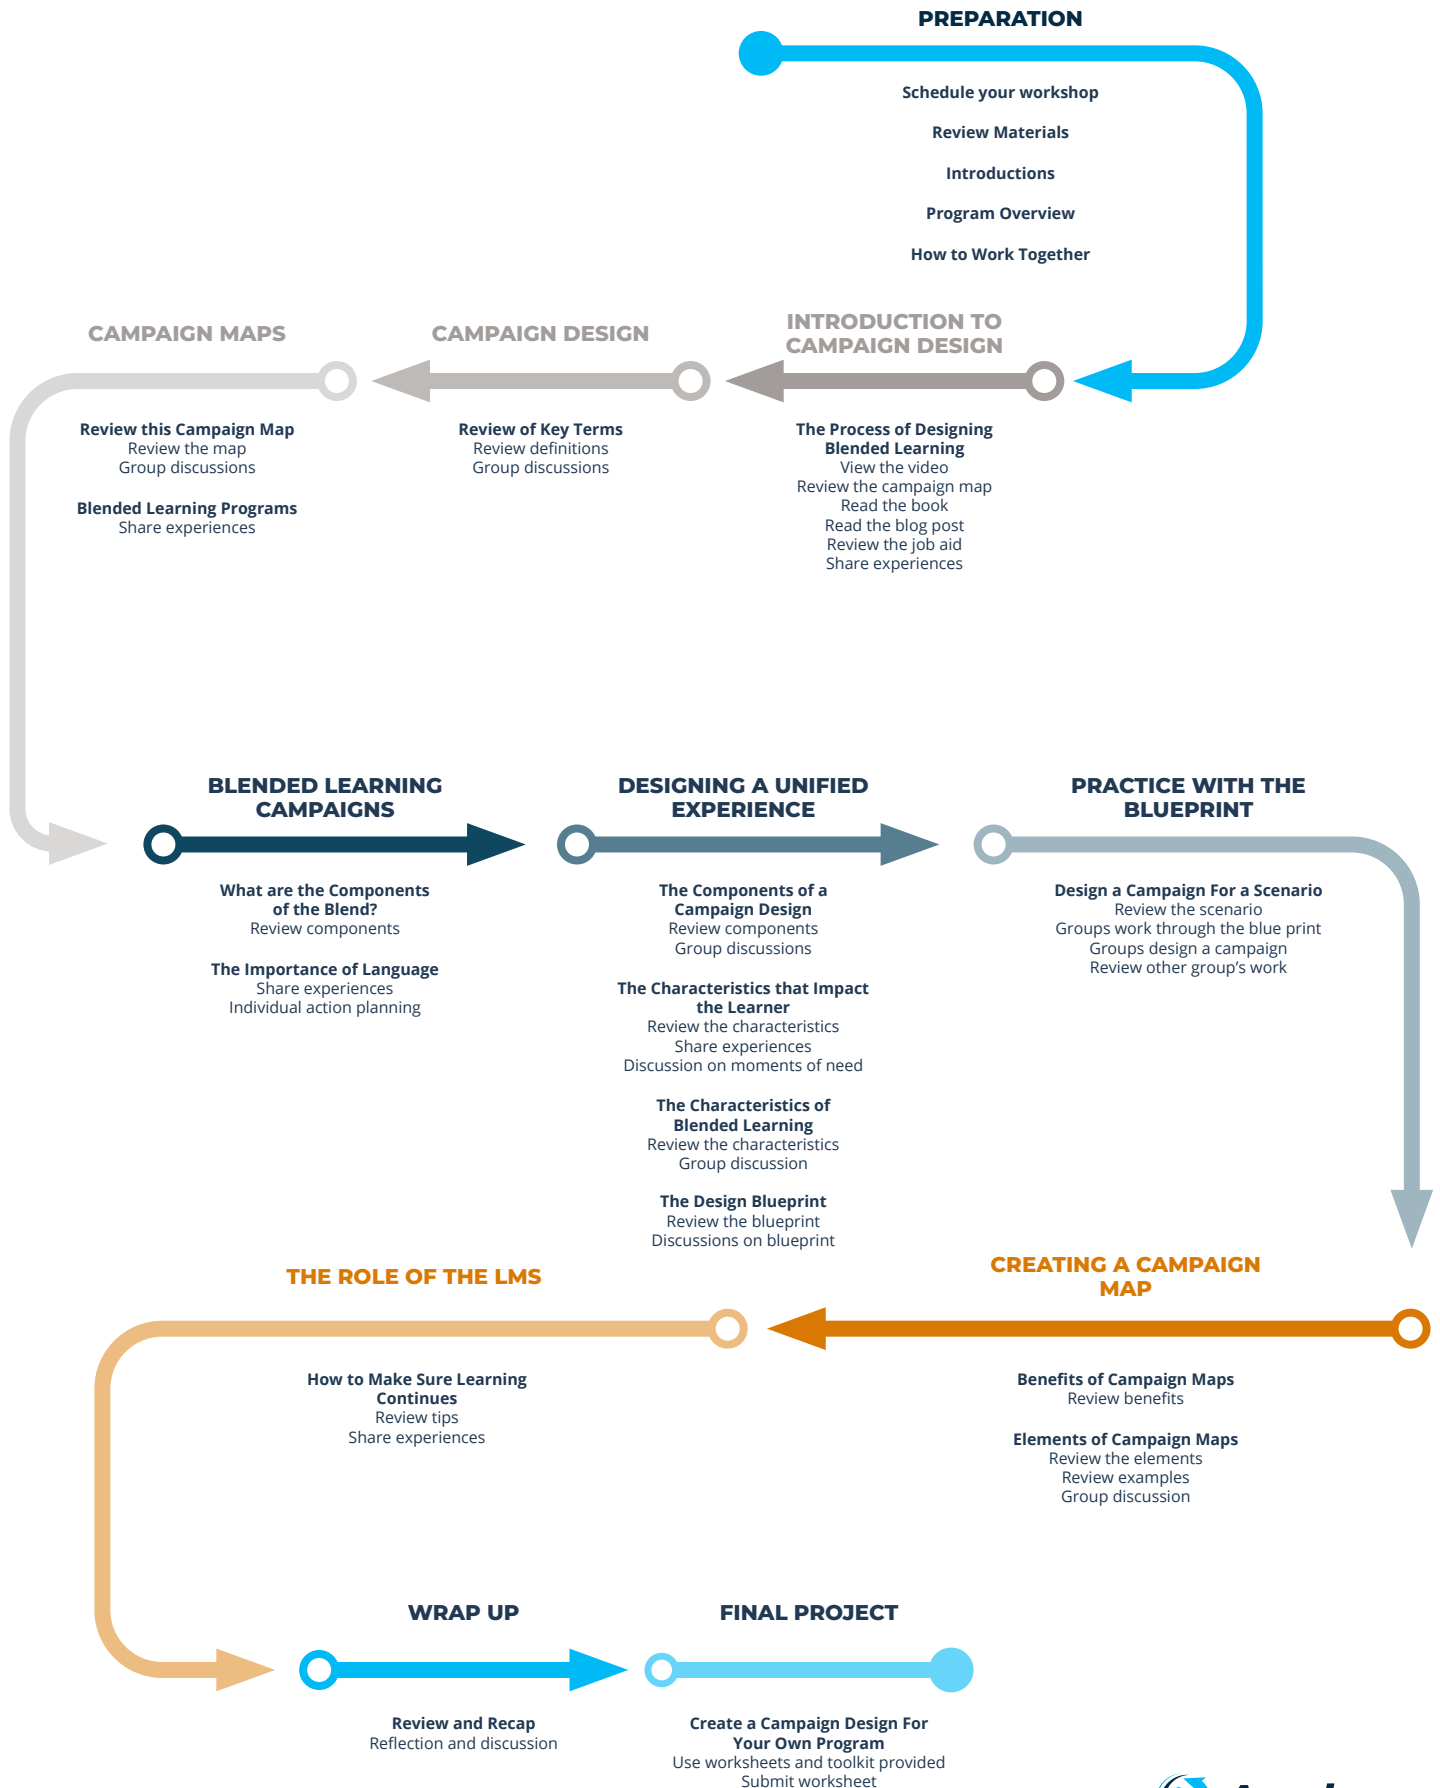

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Video – Perpetual Learning and Campaign Design
- Book – An Introduction to InSync Training's Perpetual Learning Design Model

DESIGNING BLENDED HYBRID LEARNING

COURSE DESCRIPTION

Hybrid is the new blended learning. Designing learning experiences that meet the needs of your hybrid audience is mission critical. Why? Because merging people and content creates active and engaging blended learning.

In this collaborative workshop, your team creates an environment conducive to productive learning by merging hybrid and blended learning techniques, optimizing the advantages of each approach for enhanced learner experiences. It underscores the importance of designing resources that support the hybrid delivery team and ensures seamless instructional delivery across different work environments.

PROGRAM OBJECTIVES

Define the relationship between hybrid learning and blended learning.

Design programs that adapt to your hybrid audience.

Facilitate blended learning in the hybrid workplace.

Provide logistical support to ensure the success of a hybrid program.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

VIRTUAL LEARNING

DESIGNING VIRTUAL ON-BOARDING

COURSE DESCRIPTION

You only get one chance to make a first impression with new hires, especially when they're working remotely. So it's important to create an engaging on-boarding process that connects them to their jobs and peers.

In this collaborative workshop, your team will learn how to craft a virtual on-boarding program that seamlessly integrates remote and onsite team members. We turn the critical first 30 days on the job into an energizing experience that sets the tone for a successful future and job satisfaction.

PROGRAM OBJECTIVES

Identify new hire & organizational on-boarding needs.

Support staggered & individual hires.

Develop a multi-day engaging on-boarding process.

Develop an action plan for improvements.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook

VIRTUAL LEARNING

EMOTIONALLY INTELLIGENT VIRTUAL LEARNING

COURSE DESCRIPTION

Good virtual training facilitators know the technology their platforms provide. Great facilitators complement those skills by knowing how to authentically connect with their audiences emotionally. And that's powerful.

In this collaborative workshop, your team explores how to foster positive and authentic virtual learning environments. We emphasize creating a psychologically safe environment where learners can express themselves freely. We explore the critical role Emotional Intelligence plays in these learning experiences, offering insights into how emotions can impact behavior and motivation.

PROGRAM OBJECTIVES

Internalize the role of Emotional Intelligence in virtual learning.

Assess how self-awareness, self-regulation, motivation, empathy, and social skills influence learners and outcomes.

Develop skills to help facilitators and learners manage emotions.

Nurture emotional engagement in live sessions.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

VIRTUAL LEARNING

ENERGIZE VIRTUAL LEARNING

COURSE DESCRIPTION

As ubiquitous as virtual learning is in the hybrid workplace, learners are tired. The need for engaging training that boosts engagement and reduces learning fatigue has become essential.

In this collaborative workshop, your team tackles the challenges of virtual classroom burnout, so learners value the experience and look forward to future programs. Your organization gets equipped with the necessary tools to transform the virtual learning experience. This makes it more dynamic, engaging, and sustainable.

PROGRAM OBJECTIVES

Analyze the primary causes of virtual classroom burnout.

Implement design and facilitation techniques to minimize learning fatigue.

Redirect behaviors that contribute to learning fatigue.

Alleviate virtual learning burnout.

This program includes the following elements:

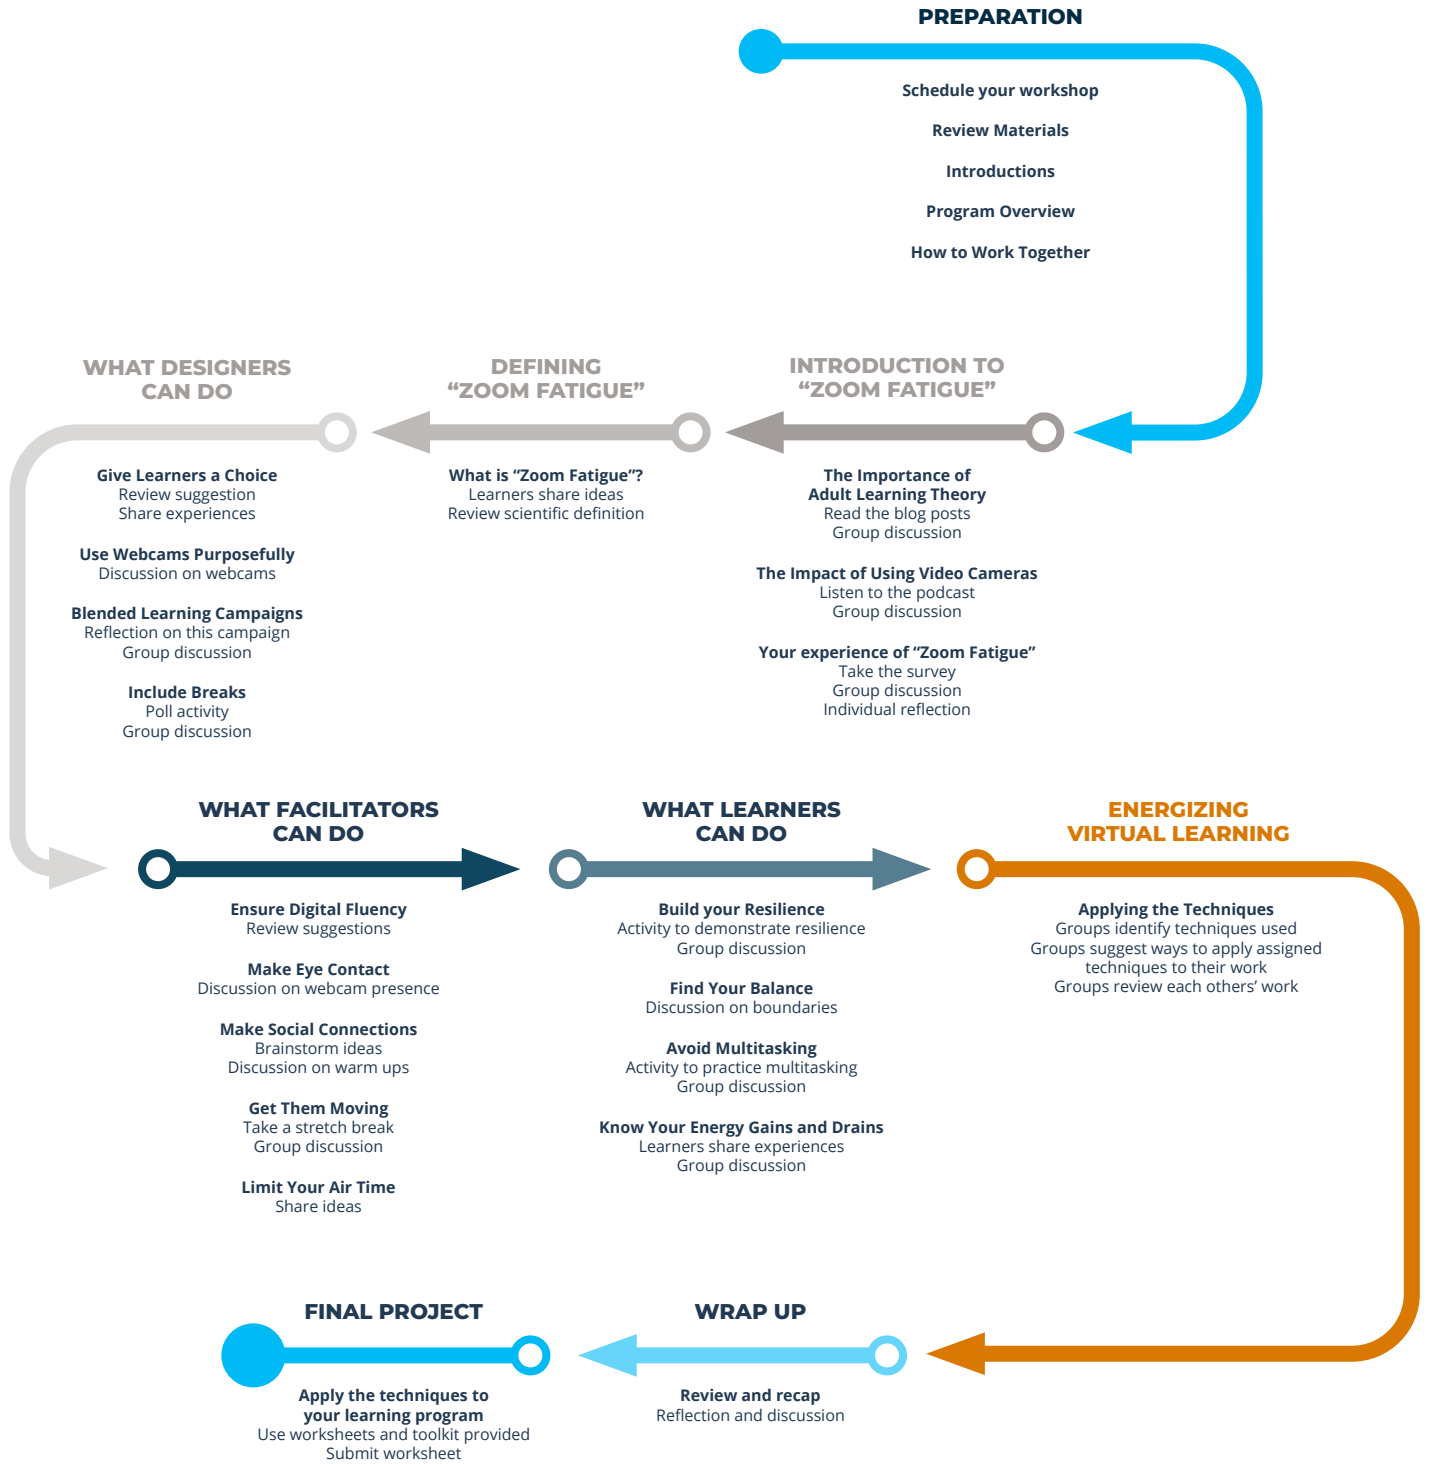

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Blog post - Designing the Digital Classroom for Effective Adult Learning
- Podcast - Zoom Fatigue and Video in Hybrid & Virtual Training Delivery
- Survey - Stanford Zoom Exhaustion & Fatigue Scale (ZEF)

LEARNING CAMPAIGN MAP

VIRTUAL LEARNING

EVALUATING HYBRID & VIRTUAL LEARNING

COURSE DESCRIPTION

Moving beyond simple learner feedback, you have to dig deeper to find actionable data that can truly inform your learning approach. We cut through the complexity to give you the tools to really understand what makes hybrid and virtual learning tick.

In this collaborative workshop, your team revamps a hybrid virtual training evaluation plan and looks into how you're doing as individuals and as an organization. You pinpoint what is and isn't working and get easy-to-follow steps to make things even better. We figure out why some training isn't working and tweak our methods to make sure our sessions are not just enjoyed but are really reaching our goals.

PROGRAM OBJECTIVES

Evaluate the effects of hybrid virtual learning.

Identify key program evaluation methods.

Develop a logic model that measures success.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Video - Achieving Excellence through the Inquire Engagement Framework
- Podcast - Evaluating Hybrid and Virtual Learning
- Book - Evaluation Methodologies

- Draft a logic model to evaluate a learning program**
 - Use worksheets and toolkit provided
 - Submit worksheet

VIRTUAL LEARNING

GOING LIVE: FROM IN PERSON TO VIRTUAL

COURSE DESCRIPTION

Your virtual training needs to meet and exceed expectations of the traditional classroom. So your team needs to redefine your content and facilitation techniques for maximum impact in a virtual learning environment.

In this collaborative workshop, your team explores the nuances of transitioning from in-person to virtual learning environments. We reevaluate content, refine design, optimize virtual platforms, and hone facilitation techniques to maximize impact. This comprehensive approach ensures a smooth and successful transition and enhances your capability to deliver impactful virtual classroom experiences.

PROGRAM OBJECTIVES

Evaluate the suitability of your content for virtual delivery.

Transform existing activities into a virtual format.

Prepare your L&D team for success.

Enhance the partnership between the facilitator and the producer.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

VIRTUAL LEARNING

VIRTUAL CLASSROOMS: A MICROLEARNING APPROACH

COURSE DESCRIPTION

“Bite-sized” content enhances engagement, creates a robust training experience, and serves as a lasting resource in any virtual learning campaign.

In this collaborative workshop, your team learns to integrate microlearning assets before, during, and after formal learning. This extends the experience into every moment of learner need and maximizes your development investment.

PROGRAM OBJECTIVES

Define microlearning best practices.

Incorporate microlearning into live virtual lessons.

Design sustainable microlearning strategies for use on the job.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

VIRTUAL LEARNING

THE BRAIN-BASED VIRTUAL CLASSROOM

COURSE DESCRIPTION

Your learners deserve robust engagement strategies to optimize their productivity. Introduce your team to a design approach grounded in neuroscience that fosters connections with learners on an emotional, intellectual, and environmental level.

In this collaborative workshop, your team levels up your virtual classes by diving into the exciting world of neuroscience-inspired activities and discovers how they can bring a new dimension to your content. You experience these activities firsthand, giving you the tools to transform your virtual classroom into an engaging and interactive space. Together, you design a virtual classroom activity that's not just strong in its content but also rich with opportunities for effective learning, cooperation, and putting theory into practice.

PROGRAM OBJECTIVES

Apply brain-based learning principles.

Design activities that engage learners.

Ensure higher-level learning.

This program includes the following elements:

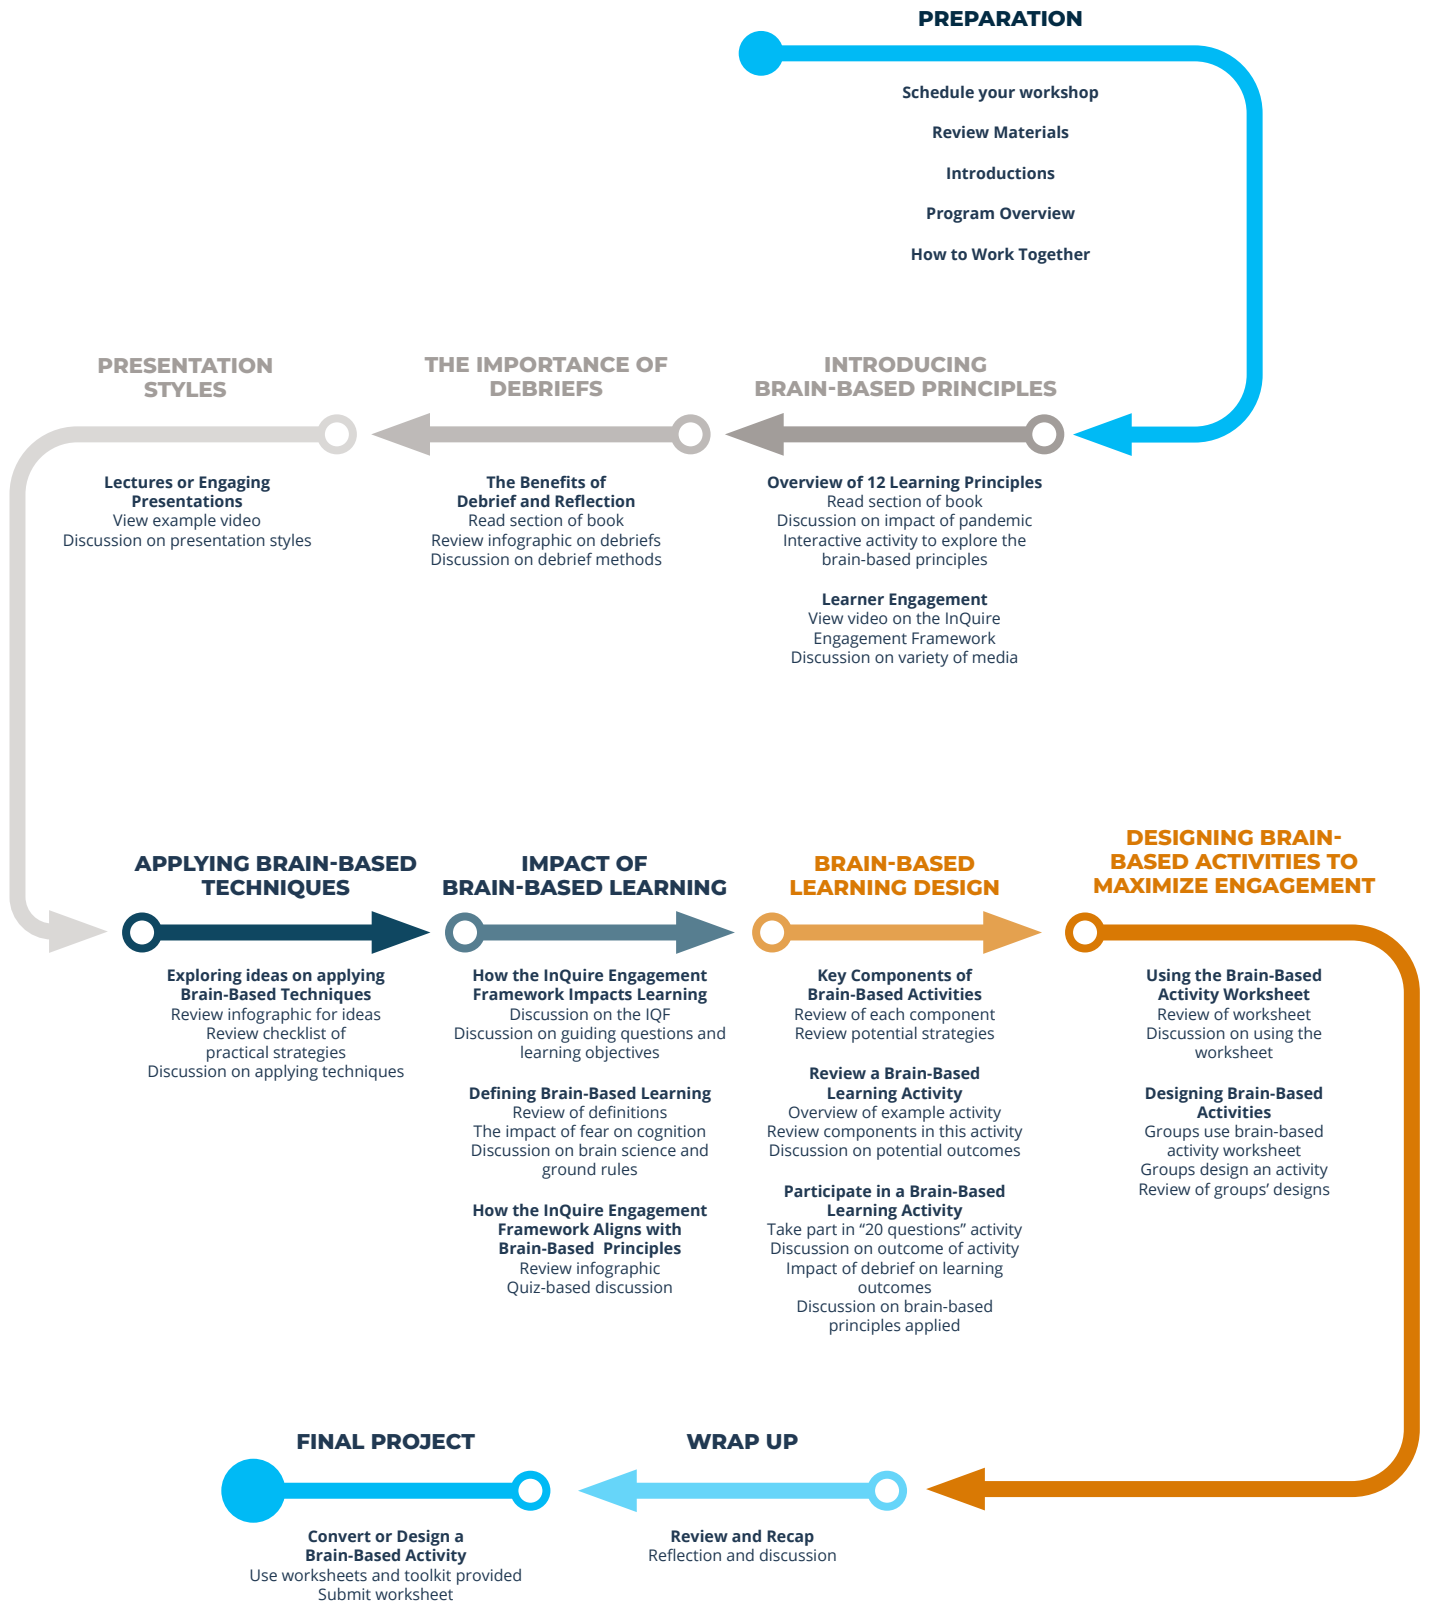

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Book - Virtual Learning is Real Learning
- Video - Achieving Excellence Through the Inquire Engagement Framework
- Interactive - 12 Learning Principles You Can Wrap Your Brain Around
- Infographic - Don't Skip the Debrief
- Infographic - 6 Brain-Based Principles That Trump Traditional Teaching and Training
- Checklist - Brain-Based Learning Strategies for Engaging Learners
- Discussion forum to share insights and experiences throughout the program

VIRTUAL LEARNING

VIRTUAL CLASSROOM PLATFORM DEEP DIVES

COURSE DESCRIPTION

Getting the most out of your chosen virtual platform is critical for learner engagement and retention. Access to insider tips and strategies in facilitation, design, production, and tech can help your team excel.

This collaborative workshop is perfect for facilitators, designers, and all virtual training professionals. It delivers in-depth instruction in using feature-rich tools in custom learner engagement experiences. We provide more than the “point-and-click” of the virtual classroom—we show you how to integrate tools into your design. Pick your platform: Zoom, MS Teams, Webex, or Adobe Connect.

PROGRAM OBJECTIVES

Utilize the Virtual Classroom tools to maximize engagement and minimize tech disruptions.

Articulate what team members need to know about the platform specific to their role.

Optimize the use of your virtual platform.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Videos or articles on navigating your virtual platform
- Videos or articles on using your platform’s features
- Videos or articles on your platform’s settings
- Discussion forum to share insights and experiences throughout the program

LEARNING CAMPAIGN MAP

USING THE TOOLS TO MAXIMIZE LEARNER ENGAGEMENT

- The Inquire Engagement Framework**
Review the framework
Group discussions

- Using the Tools to Engage**
Groups explore assigned tool
Groups share ideas
Review other groups' work

- Working with Breakouts**
Review how to set up and manage breakouts
Learners share ideas

WHAT DO THE INSTRUCTIONAL TEAM NEED TO KNOW?

- What do Designers Need to Know?**
Brainstorm ideas
Review questions

- What do Facilitators Need to Know?**
Brainstorm ideas
Review questions

- What do Producers Need to Know?**
Brainstorm ideas
Review questions

- Where can We Find the Answers?**
Groups explore the questions for their assigned role
Groups explore their platform's help center
Groups share learning
Explore outstanding questions

DEVELOPING DIGITAL FLUENCY

- What do I Need to Know?**
Individual action planning
Group discussion

FINAL PROJECT

- Create an Action Plan for Mastering Your Virtual Classroom Platform**
Use worksheets and toolkit provided
Submit worksheet

WRAP UP

- Review and Recap**
Reflection and discussion

VIRTUAL LEARNING

WINNING THE VIRTUAL SALES CALL

COURSE DESCRIPTION

Remote sales calls are the reality in today's post pandemic world, to the tune of 75% of them all. Getting the most out of that initial contact, and securing actual sales from them, is a skill that can always be refined and redesigned. So your sales calls transform into compelling experiences that drive results.

In this collaborative workshop, your team unlocks the secrets to building strong relationships in your online sales interactions. Learn how to conduct virtual sales meetings that captivate your prospect and keep them engaged using virtual platform tools to engage customers.

PROGRAM OBJECTIVES

Contrast face-to-face and remote meeting skills.

Utilize effective virtual sales meeting speech elements.

Develop engaging questions for customers in virtual sales meetings.

Exercise active listening skills.

Identify chances to use virtual tools for customer engagement.

This program includes the following elements:

- A two-week blended learning journey with one 2-hour live virtual workshop
- Supporting Microlearning Toolkit
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Interactive - The Virtual Sales Call Structure
- Article - Zoom Backgrounds
- Video - Achieving Excellence through the Inquire Engagement Framework
- Discussion forum to share insights and experiences throughout the program

OPENING THE VIRTUAL SALES CALL

- What Makes a Good Opening**
Share opinions
- What makes a Good Virtual Opening**
Share opinions
Discuss best practices

PREPARING FOR THE VIRTUAL SALES CALL

- How Preparing Differs in the Virtual Environment**
Review how to prepare in-person
Discussion on differences

INTRODUCTION TO VIRTUAL SALES CALLS

- The Structure of a Virtual Sales Call**
Review the interactive
Share experiences
- Presentation is Everything**
Read the article
Discussion on virtual backgrounds
- Engaging Sales Calls**
View the video
Group discussion

EXPLORING AND DEMONSTRATING CAPABILITY

- Asking Questions on a Sales Call**
Share go-to questions
- Responding to Questions Virtually**
Discussion on encouraging responses virtually
Discussion on using the tools
- Navigating a Slide Deck Smoothly**
Discussion on traps we fall in to
Demonstration on navigating slides
- Making Live Demos Relevant**
Discussion on best practices
Sharing virtual tips

IDENTIFYING NEXT STEPS

- The Benefits of the Virtual Environment**
Brainstorm benefits
Group discussion

VIRTUAL SALES CALL PRACTICE

- Practice Virtual Calls Using a Scenario**
Practice in triads
Receive feedback
Group observations
Group discussions
Individual action planning

FINAL PROJECT

- Review a sales Call and Reflect on Your Performance**
Use worksheets and toolkit provided
Submit worksheet

WRAP UP

- Review and Recap**
Reflection and discussion

FOUNDATIONS OF **FACE-TO-FACE** CLASSROOM TRAINING

COURSE DESCRIPTION

This workshop is designed to equip trainers with the skills and confidence needed to excel in today's face-to-face classroom setting. Participants will explore the core principles of facilitation, grounded in how people learn, and understand how to create engaging, learner-centered experiences in in-person environments. This dynamic and interactive course is designed to help trainers seamlessly adapt their skills for face-to-face environments.

Learn how to leverage the energy and engagement of live settings while addressing unique challenges like reading non-verbal cues, managing room dynamics, and creating an inclusive atmosphere. Through hands-on activities, real-world scenarios, and expert guidance, the learner will gain the confidence and tools to deliver impactful training sessions that resonate with the audience.

PROGRAM OBJECTIVES

Define the foundational role of facilitation and describe how people learn across different environments.

Compare the key differences between in-person and virtual facilitation, including their unique challenges and best practices.

Demonstrate engagement strategies tailored to face-to-face learners, with a focus on keeping participants actively involved.

Develop strategies to transition from virtual to in-person facilitation effectively.

Adapt content delivery to leverage the dynamics of in-person interactions.

Manage challenges unique to face-to-face training environments, such as non-verbal cues and physical logistics.

Practice applying facilitation techniques in a simulated session and receive feedback to refine your approach for in-person environments.

This program includes the following elements:

- Either **two 6-hour in-person workshops**, or A four-week blended learning journey with three 2-hour live virtual workshops
- Supporting Microlearning Toolkit
- Personal Development Journal with reflective questions and on-the-job activities to support learning from the program
- Reinforcing Final Project

Microlearning Toolkit

- Program Workbook
- Job Aid - Facilitating Group Work
- Interactive - Engaging Learners to Maximize Learning Outcomes
- Infographic - Don't Skip the Debrief
- A curated magazine with recommended additional reading and resources
